WORLD BEATER ROSES

SEE FIRST COVER PAGE FOR THESE ROSES IN COLORS.

THERE ARE NO BETTER ROSES THAN THESE FOUR WORLD BEATERS

No. 1. MRS. AARON WARD—This Rose is a real joy to the grower and absolutely distinct. One of the most delightful Roses of recent years in a color that catches the eye at once. Coppery-orange in the open bud, golden-orange when partly developed, pinkish-fawn of lovely shade when fully open, when it looks like a full fluffy-silk rosette. No wonder everybody that sees it falls in love with it; one of the most beautiful Roses in existence.

No. 2. PRESIDENT TAFT—This Rose was raised in Cincinnati, the home of President Taft, and let us say right here while some of you may not admire the president himself, you will one and all admire the Rose given his name. It is without question the most remarkable of all pink Roses. It has a shining, intense, deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant, and in a class by itself as to color. Our Mr. Frank Good, who is probably familiar with more Roses than any man in America, says: "Talk all you want to about the Rose Pres. Taft, and then you will not say enough." Do not confound this Rose with Leuchtfeuer, which some have attempted to rename Pres. Taft.

No. 3. MRS. FOLEY HOBBS—This is beyond question the best tea yet introduced, as it possesses in a most marked degree every quality necessary to constitute a good and perfect Rose. It is a veritable giant among Teas. The huge thick shell-shaped petals create a bloom of exceptional merit; color delicate ivory-white, faintly tinged pink on the edges of the petals. Deliciously perfumed. This Rose stands without a rival.

No. 4. OLIVIA—The ideal red bedding Rose; was always just a little ways ahead—never quite reached. Such varieties as Meteor, Helen Gould, General McArthur, Gruss an Teplitz, Etoile de France each lacked something to make them ideal. Rhea Reid came nearer the mark in some localities, but now comes Olivia, coming under the wire first an easy winner. It has more petals in it than General McArthur and is a shade lighter in color than Rhea Reid, but has them both backed off the boards when it comes to free blooming. A superb Rose.

The World Beater Roses, 25c each, the four for 75c; in two-year-old plants, 50c each, the four for \$1.50.

GARDEN COLLECTION OF HARDY PHLOX

SEE OPPOSITE PAGE FOR THESE PHLOX IN COLORS.

These Phlox are perfectly hardy anywhere, even in the coldest and most bleak parts of Canada they bloom from July until frost. Nothing is gay. Price, 10 cents each, the seven for 50 cents.

No. 1. COQUELICOT—The finest and brightest red of all the Phlox; the color is a bright orange-scarlet.

No. 2. R. P. STRUTHERS—In our estimation the very best Phlox grown today; it has no faults. Color clear cherry-red, suffused with salmon shades; deep red eye; fine large truss. The color is so clear and clean that each individual floret stands out as distinct as a cameo.

No. 3. ECLAIREUR—Clear rosy-magenta, with large lighter halo; large florets and magnificent bedder.

No. 4. ALCESTE—Deep violet, shading almost to blue.

No. 5. PANTHEON—Large, clear, deep, bright pink with faint halo; a charming variety.

No. 6. RICHARD WALLACE—Pure white, with violet-rose eye; large flowers in immense panicles. Too much cannot be said of this variety.

No. 7. INDEPENDENCE—An excellent large-flowering early pure white; none better.

New Fern Roosevelt.

The Grandest Fern of the Age, Nephrolepis "ROOSEVELT"

It is our good fortune and great pleasure to offer this wonderful new Fern. In general characteristics it resembles the world famous Boston Fern, but it will sweep that Fern from the boards for two reasons; it produces many more fronds than the Boston, thus making a bushier, handsomer plant. Then the pinnae are beautifully undulated, giving the Roosevelt a pronounced wavy effect seen in no other Fern; as the plant ages this effect becomes quite distinct. In conjunction with three other firms we will disseminate the Roosevelt Fern; it can be bought from no one else this spring. The photo shown is taken from an eight-month old plant sent to Ex-President Roosevelt. Everybody will want this grand Fern. Fine young plants, 25 cents each, three for 60 cents. Strong plants, 40 cents each, two for 70 cents. Extra strong plants, 75 cents each. Specimen plants, \$1.25 each.

BOUQUET COLLECTION OF DAHLIAS

SEE FOURTH PAGE OF COVER FOR THESE DAHLIAS IN COLORS.

No. 1. KRIEMHILDE—A magnificent variety bearing perfect flowers of fresh delicate pink shading to deep rose-pink. The center petals ultimately change to creamy-white, giving the mature flower a captivating pink and white effect. Price, 20 cents each.

No. 2. QUEEN VICTORIA—Pure canary-yellow with beautiful quilled petals, one of the freest bloomers. Fine for cutting. Price, 15 cents each.

No. 3. MAID OF KENT—A variable Dahlia; that is, it will come a solid crimson, then again will come crimson with each petal tipped white. Price, 15 cents each.

No. 4. SOUV. DE GUSTAVE DOAZON—The largest Dahlia up to date. Can you imagine a Dahlia-flower nine and one-half inches across? Simply a monster, still it is not coarse, but has such elegant refinement that it impresses every lover of flowers with its grace, beauty and charming elegance, and never fails to make friends. These immense flowers are borne in profusion from the earliest moment of blooming until the very last; it improves with the season and grows more perfect. Color a rich orange-red. Price, 30 cents each.

No. 5. J. H. JACKSON—This is without any question the finest dark colored Cactus-flowered Dahlia. Its velvety black-maroon with crimson shades is very striking and simply dazzles you. Large and perfect. A wonder. Price, 15 cents each.

No. 6. FLORADORA—Deep dark rich wine-crimson, splendid shaped flower of long, upright, wiry stems. A bouquet of this most beautiful Dahlia is simply charming; habit the ideal of perfection. Price, 20 cents each.

No. 7. TWENTIETH CENTURY—Color bright rosy-crimson, with base and tips of petals pure white. The color grows lighter as the season advances. This is a most showy and striking Dahlia. Price, 20 cents each.

No. 8. SNOWCLAD—This is an early free flowering variety. The blooms are of medium size, snow-white in color and almost hide the plant. This variety is used by the florists more than any other one kind. Price, 15 cents each.

SPECIAL OFFER—The entire Bouquet Collection of Eight Garden Dahlias costing \$1.50, for only \$1.10. A great bargain.

The New Hardy Ever-Blooming Carnation "CRIMSON KING"

Everybody has asked for a Carnation that would live out in the garden during the winter. We have pleasure in offering this new plant, as it will fill the bill. It is absolutely hardy, standing the Canadian winters in the yard. It blooms all summer long, never a day that you cannot cut blossoms. By potting up in the fall you can have flowers in the house all winter. The color is a rich crimson, the fragrance is delicious. Price, fine plants, 25 cents each.

The Cream of the New Roses

**WE DO NOT CATALOG EVERY ROSE SENT OUT,
BUT PICK OUT THE BEST ONLY AND OFFER THEM**

Chateau Des Clos Vougeat

You have all been looking for the black Rose, and here it is. The most wonderful color and texture ever seen in a Rose; looks as if cut out of heavy velvet with a color shading from deepest velvety maroon-red to blackish-crimson. We are sure it will become one of the most popular of garden Roses, quite in a class by itself, blooming continuously in crops closely following one another. It is of fine shape, good size and the richest colored of all Roses, being fifty per cent. darker than Prince Camille de Rohan and Jubilee; quite fragrant. With us the foliage of this Rose is absolutely resistant to black spot and mildew; in a class by itself for this reason alone. Keep your eye on this Rose, as it is a wonder; named after a vintage of famous old French wine. 25 cents; two-year plants, 60 cents.

F. R. Patzer

A most beautiful and distinct Rose of very free flowering character. The blooms are produced with great freedom on stiff stems, and are of large size and substance. The color is creamy-buff, back of petals delicate warm pink; as the petals reflex the color becomes light orange-pink, forming a most charming combination. Valuable for garden culture. 25 cents; two-year-old plants, 60 cents.

Lady

Alice Stanley

The blooms are very large, very full and of great substance. The petals are shell-shaped, forming a perfect flower. The color on outside of petals is deep coral-rose, inside delicate flesh flushed deeper pink. A remarkably attractive and pleasing combination of coloring and quite distinct in every way; every shoot is crowned with a flower bud. A grand garden Rose. Awarded the gold medal of the National Rose Society. 25 cents; two-year-old plants, 60 cents.

Madame Segond Weber

One of the grandest novelties of recent years; everybody is talking about it, and the more one knows of this wonderful Rose the more they will talk about it, and what is of real value, every bit of talk about Mme. Segond Weber is in praise of her. Rosy-salmon or flesh-pink in color, of the general type and color of "My Maryland." The bud is long and pointed, opening into enormous blooms which deepen its color until fully expanded, when it is as impressive as an "American Beauty." The texture of the Rose is very thick and heavy and the form of the petals peculiarly beautiful. A great grand garden Rose awarded two gold medals. 20 cents; two-year plants, 50 cents.

Rosemary

A beautiful Rose of shining silvery-pink, recommended for bedding; very large and very double. A sturdy grower with stiff stems and large foliage. Flowers freely produced. Up to date this is the best garden Rose of its color that has been produced. It's as fragrant as its name. 20 cents; two-year plants, 50 cents.

Lady Ursula

Color a most beautiful shade of flesh-pink, of great substance and good form; petals large, circular and delicately perfumed. A grand grower, producing its round, full blooms in wonderful profusion. Keep your eye on this lady, because she's going to crowd somebody out of the line. 25 cents each; two-year plants, 50 cents.

William Notting

This Rose was first sent out in this country under the name of Indiana. By some mishap it has been overlooked in the shuffle. We have found out it is a first-class Rose, and we will in a manner resurrect it. The flowers are very large and full; color a bright rosy-cerise, center deeper, sweetly perfumed. It is a grand bedding Rose. 25 cents; two-year plants, 50 cents.

White Killarney

A sport from Killarney. Grand in every way. The white forcing Rose of the century. Superior to its parent in every particular. Words cannot describe its imposing grandeur. This is the greatest forcing Rose of any color or class. Benches of it during the winter give the appearance of a bank of snow. It is pure white in color, long in bud, of fine form; in fact, it is the one Rose par excellence. Planted in the garden it comes with a delicate pink tinge that if anything adds to its beauty. A great acquisition and a really wonderful Rose. 25 cents; two-year plants, 50 cents.

Mrs. Potter Palmer

A strong, rampant grower with foliage that is ornamental in itself; buds long and pointed of the deepest apricot-pink color. Open flowers large and semi-double, of great elegance; a wonderful keeper. A constant bloomer and one of the showiest Roses extant; delicate apricot fragrance. This Rose will become exceedingly popular for decorative purposes in the garden and will be planted in great numbers once it is known. 20 cents; two-year plants, 50 cents.

William Shean

Purest pink, petals shell-shaped, four to five inches long; flowers of immense size and substance and of perfect form; free blooming and distinct. Gold medal N. R. S. The biggest flower of all Roses in our garden the past summer, and we had 618 kinds on trial. 35 cents each; two-year-old plants, 75 cents.

Friedrichsrueh

(Tea.) Color deep blood red; large, full, well formed, flowering freely and continuously; excellent habit of growth. Awarded gold medal at Dusseldorf. A splendid Rose. 25 cents each; two-year-old plants, 50 cents.

My Maryland

An American Rose that has jumped into popular favor at once, sweeping the decks clean of both Europe and America. Color glowing, intense pink; large, full and of fine form. The freest Rose in growth and bloom that we know for the garden. 25 cents; two-year plants, 50 cents.

F. R. Patzer.

"CHAMPION" COLLECTION HARDY EVER-BLOOMING ROSES

We have often been asked to name the hardiest Roses that are ever-bloomers. In the Champion Collection we have combined the very best Roses that will stand zero weather and bloom all summer. Until we find a superior variety this collection will not be changed, as we wish them to become known as the Champion Roses. In ordering, say "Champion" Collection of Roses, and we will know what you want.

Price, 10c each, the twelve for 85c. Large two-year-old plants, 35c each; three for \$1.00; the entire set of twelve for \$2.75. Try them and see what a lovely bed of Roses you can have with the minimum of care.

THE BURBANK ROSE—A perfectly new ever-blooming Rose. This lovely Rose was raised by Mr. Luther Burbank, of California, known the world over as the "Wizard of Horticulture," and is the only variety out of seventy-five thousand cross-bred seedlings which he raised that he was willing should bear his name. This Rose is the only rival that the famous variety Champion of the World has. The color is described as cherry-crimson; it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during winter. It is a strong, vigorous grower, making a well-rounded, bushy plant.

CHAMPION OF THE WORLD—This is indeed the champion Rose of the world. It is champion in hardiness and champion in free blooming. It is a true perpetual, hardy blooming Rose; none better. Color a rich, deep rosy-pink, very bright and deliciously fragrant. The best of all pink hardy Roses.

CLOTHILDE SOUPERT—The color is a French white, deepening to a rosy-blush in the center. Its greatest value lies in its wonderful profusion of bloom, even the smallest plants being literally covered with flowers. Even in midsummer a bouquet of splendid buds and open flowers can be obtained from this fine variety.

DR. CAMPBELL HALL—A beautiful coral-rose, suffused with white; a grand new Rose.

ETOILE DE LYON—This is the only hardy yellow Rose that belongs to the ever-blooming class. Deep golden-yellow; elegant; superb.

GRUSS AN TEPLITZ—(Virginia R. Coxe, or Crimson Hermosa.) This grand Rose has proven one of the best and most valuable hardy crimson ever-blooming Roses for garden planting ever introduced. The color is a dazzling rich crimson, passing to velvety fiery-red.

HERMOSA—From early summer until frost it can be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and such a strong, vigorous grower that it is almost impregnable against the attacks of insects which usually destroy some of our finest Roses. Thus it is certain to be unequalled for the garden or cemetery. A royal Rose.

KAISERIN AUGUSTA VICTORIA—The best white Rose in the world. This beautiful Rose is a continuous bloomer, producing successive crops of buds and flowers in the greatest profusion. Buds are very beautifully formed, with large petals of the best substance. It shows no center when fully open. Color pure snowy-white, and when you add a rich perfume, what more could you ask? This Rose is an easy winner over all competitors in its color.

LA FRANCE—Too well known to need description. It is acknowledged everywhere the queen of Roses.

MADAME SCHWALLER—It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy-flesh, paler at the base of the petals and deepening on the edges. Try it; it is magnificent.

MADAME JENNY GILLEMOT—A grand new Rose of the largest size. Color saffron-yellow. This Rose will please you.

ROSOMANE GRAVEREAUX—This Rose is gaining great popularity, as it combines hardiness with a rich color, a delicate pink with cream shades; elegant.

"Cashmere" Collection of EVER-BLOOMING ROSES

In this collection we name the very best ever-blooming Roses for planting everywhere; they are especially fine in the South. You may try any of the Roses offered anywhere, and we will stake our reputation as Rose-growers that you will find nothing to compare with this list. Varieties that would shine even in the Vale of Cashmere.

Price, 10 cents each, except where noted, or the set of twelve for \$1.00. Two-year-old plants, 35 cents each, any four for \$1.10. The complete set of twelve for \$3.00.

ANTOINE RIVOIRE—Color salmon-flesh in center to the edge of its petals, shading to a creamy-white with a delicate pink tinge.

BESSIE BROWN—A Rose of transcendent beauty, totally distinct, and one of the largest and fullest we have ever seen. Color pure white, sometimes faintly flushed pink.

BLUMENSCHMIDT—A grand new garden Rose. Color clear canary-yellow. Many say this is the best yellow garden Rose.

HELEN GOOD—(The Beauty Cochet.) This we claim has no peer as a garden Rose. The buds are large and fine; color a delicate yellow suffused pink, each petal edged deeper. Very chaste and beautiful.

HELEN GOULD—A remarkably vigorous grower, quickly throwing up strong shoots from the root and producing great masses of splendid Roses through the whole growing season. Flowers are extra large, perfectly double and deliciously sweet; color is rich, bright red and elegantly shaded.

MRS. BEN. R. CANT—A fine garden variety of even shade of deep rose or red, round and full, the form of a good Hybrid Perpetual.

MADAME CONSTANT SOUPERT—Golden-yellow, tinted peach-pink.

MAMAN COCHET—(The Queen of all Garden Roses.) Such beauty and exquisite form as is possessed by this variety is well-nigh marvelous, and cannot be seen in any other Rose we know of. The buds are beautiful, large, full and firm and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip.

RHEA REID—This charming Rose is an American production that has been acclaimed by the entire Rose world as being the very best deep rich velvety crimson-red Rose for the garden ever sent out. We do not think it can be beaten.

SOUVENIR DE PRESIDENT CARNOT—The bud and flower is immense; color peach-pink, delicately tinted with golden-fawn or rich creamy-white.

WHITE MAMAN COCHET—No finer Rose than this. It is of the largest size, and, as you will notice, the flower is built up, or rounded, and very double. The color is a pure snow-white.

WM. R. SMITH—The soft blending of the salmon-pinks and the rose-pinks and the beautiful flesh tints in this Rose give a singular resemblance to the entrancing blush on a maiden's cheek.

"Our Excelsior List" of New and Choice Ever-Blooming ROSES FOR OUTDOOR PLANTING

This list contains the very best of the ever-blooming Roses—not a poor variety in it. You can depend upon it as being select. Try them for fall planting.

Price, 10c each; any three of your own selection for 25c; any seven for 50c; any fifteen for \$1.00. Large two-year-old Roses from this list, 30c each, or four for \$1.00. This is an unequaled list to select from—there are no weak, poor varieties.

For general planting, more especially in open ground, this class excels all others. One-year-old plants, such as we send by mail, bloom the first and each succeeding year from early spring until severe frosts. Two-year-old plants, of course, yield a greater profusion of flowers, owing to their size. The flowers are noted for their exquisite coloring and delightful fragrance; hardy everywhere in open ground with protection of litter, leaves, evergreen boughs or similar material. Plant liberally of one-year-old Roses; the harvest of bloom they give the first year compensates for the trifling outlay. Anyone can succeed with them.

Excelsior List Will Surely Bloom

Climbing Tea or Noisette Roses

This Class Includes Some of Our Most Beautiful and Valuable Roses. They are Unusually Free and Continuous Bloomers, Producing Flowers of Rare and Striking Beauty. As They are All Climbers, They Should be Placed Near Porches, Pillars or Trellises, Where They Can Have Support.

Price, 10 cents each, Three for 25 cents, Any Seven for 50 cents. Price of large Two-Year-Old Plants of Climbing Roses named below, 35 cents each, Three for \$1.00.

Celine Forestier—Deep sulphur-yellow, large full flowers, perfectly double, fine bloomer and good grower. One of the best of its class.

Climbing Bridesmaid—Same as Bridesmaid except that it climbs vigorously. Color clear rose-pink with crimson shadings.

Climbing Clothilde Soupert—The Ivory-white color, shading toward the center to silvery-rose, gives an effect that is indescribably beautiful.

Climbing Devonensis—The climbing magnolia Rose; white tinged with blush; magnolia fragrance.

Climbing Mademoiselle Cecile Brunner—Color a rosy-pink on a rich creamy-white ground; completely hides the bush when in bloom.

Climbing Paul Neyron—(Madame Wagram)—Large handsome flowers of clean satiny rose, tinted crimson; this Rose pleases everybody who plants it.

Climbing Perle Des Jardins—Deep golden-yellow. A grand variety.

Climbing Souv. De La Malmaison—Color rich creamy-flesh, shaded clear peachy-pink with rose center.

Climbing Souv. of Wootton—A rampant climber. Color bright magenta-red passing to deep velvety-crimson in clusters.

Cloth of Gold, or Chromatella—A clear golden-yellow, large, very full and double, highly fragrant. Much prized in the South for pillars and porches.

Elie Beauvillain—A fine free blooming climber, bearing lovely flowers of a salmon-fawn color, or much in the style of the old Gloire de Dijon.

Golden Chain or Climbing Safrano—(Reve d'Or). A beautiful pillar Rose, being a strong climber; color orange-yellow or deep saffron, good size, full and sweet.

James Sprunt—Deep velvety-crimson, and very double.

Lamarque—Large, full flowers, borne in clusters, pure white and double; a most beautiful Rose; a rampant climber.

Mary Washington—Pure white, perfectly double to the center; borne in great profusion in large clusters. This Rose was planted at Mt. Vernon by George Washington.

Reine Marie Henrietta—A strong, vigorous grower. Flowers large, full and of fine form. Color a pure cherry-red, sweet-scented. This is planted more largely than any climbing Rose, because it gives such universal satisfaction.

Solfatara—Fine clear sulphur-yellow, large, full and double; very sweet.

William Allen Richardson—Orange-yellow, with outer petals lighter, center coppery-yellow; very rich; rapidly becoming popular; it is a unique and lovely shade of yellow.

Frances E. Willard.

Zelia Pradel (Estella Pradel)—Has lovely pure white flowers, full and sweet. A continuous and profuse bloomer and vigorous climber; fine for porches, galleries and verandas.

New Ever-Blooming Climbing Roses

Aline Schneider—A most superb Rose. Color clear canary-yellow, with deep golden-yellow center. Its clear golden color assures it of a place among Climbing Roses that is quite its own. Rose lovers, let me assure you, Aline Schneider will not disappoint you. 35 cents each. No two-year plants to offer.

Climbing Belle Siebrecht—An incessant bloomer with long pointed buds; color rich shell-pink; hardy with slight protection. 20 cents each; two-year size, 50 cents.

Climbing Killarney—Immense long-pointed buds with massive petals opening into flowers of enormous size; color a true Killarney pink. A most remarkable Rose. 15 cents each; two-year size, 40 cents.

Climbing Madame Caroline Testout—Large, handsome flowers closely resembling La France. Clear shell-pink, finely edged with silvery-rose. 20 cents each; two-year size, 50 cents.

Climbing Papa Gontier—Just like Papa Gontier, the old standby red Rose, except that it climbs. Color bright red, very showy. 20 cents each; two-year size, 50 cents.

Frances E. Willard—This is a pillar Rose of great beauty. May be pruned into bush form by cutting back the branches. If ever there was a grand Climbing Rose bearing snow-white flowers this one fills the bill. Of the largest size, and double to the center, and simply covers itself with its

handsome flowers. Grand. 20 cents each; two-year plants, 50 cents.

Mamie—A Rose that has been out for some time, but in the shuffle become lost. It has so many points of great excellence that we have resurrected it and we predict that before many moons have rolled around it will be planted largely. It is a strong grower with buds and flowers of the largest and most perfect shape and form. The color is exquisite, being a delicate fawn with heart of pink. One of the most beautiful of light colored Roses. Don't forget this Rose. It will make a place for itself among the leaders. Always in bloom. 20 cents each; two-year size, 50 cents.

Mademoiselle Louise Leroy, or White Climbing Paul Neyron—This is a most remarkable Rose, bearing large handsome flowers of creamy-white; it is first class in every way. 15 cents each; two-year size, 50 cents.

Ruth Vestal—Climbing Bride. A lovely pure white climbing form of that grand Rose the Bride. We predict a great future for this Rose. A strong and vigorous grower and true ever-bloomer. Pure snow-white buds, and flowers are of the largest size and perfect form. Very fragrant. No one who has ever seen the beautiful Bride Rose would hesitate to buy its companion (Climbing Bride), Ruth Vestal. 15 cents each; two-year size, 50 cents.

FIVE GLORIOUS CLIMBING ROSES

These Roses are Ever-Bloomers. No Better Climbing Roses.

Price, 15 cents each; the Set of Five Grand Climbing Roses for 50 cents;
two-year-old size 40 cents each; Set of Five for \$1.50.

MARECHAL NIEL

A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over. They illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at one time. It is almost universally held to be the finest climber for indoor or out where the climate admits of its cultivation. This is one of the Roses that starts rather slowly, and for that reason the best success will be had with the stronger plants. 15 cents each; stronger plants, 25 cents and 50 cents each, according to size; strong, one-year-old, \$1.00; two years old, \$1.50; three years old, \$2.00.

GAINSBOROUGH

We are very proud to bring this fine Rose to the notice of all rosarians, be they amateur or professional. It originated with us a few years ago, since when we have given it the most thorough trial, and we are fully convinced that for a hardy ever-blooming climber, it has no equal, even eclipsing that grand variety, Mrs. Robert Peary. Its delicate colors are hard to describe, being delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it resembles a large, fine, white, fluffy Peony, but without a suggestion of stiffness, often measuring eight to nine inches in diameter. An enthusiastic admirer describes it as a Rose reminding him of a beautiful girl wearing a bright colored Gainsborough hat ornamented with white ostrich plumes, hence the suggestion of its name. Be sure and try this grand Rose.

MRS. ROBERT PEARY or CLIMBING KAISERIN

So favorably are we imposed with this Rose that our stock of it alone will exceed fifty thousand plants. The flowers are extra large, full, deep and double. The buds are long and pointed, a remarkable feature not found in any other climbing Rose. The color and shape of the bud and flowers are identical with Kaiserin Augusta Victoria. Pure ivory-white. The fragrance is delicious. The most remarkable feature of this variety, however, is that it blooms continuously the first year.

PILLAR OF GOLD

Of all the good Roses we have ever introduced, this one we place at the head of the list. Pillar of Gold introduces the Rose lover to something quite distinct in climbing Roses. First, its growth is the most vigorous of all the climbers, often throwing shoots fifteen to twenty feet in one season; second, the color of its flowers places it in a distinct class by itself. The shades of color are simply indescribable. At times it is variable in color, coming a beautiful Bridesmaid pink, base of petals deep golden-yellow. It will attract and startle everyone who has had the pleasure of seeing it. Deliciously fragrant.

CLIMBING METEOR

Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer, and will make a growth of from ten to fifteen feet in a season. We do not hesitate to place it at the head of the list of all Roses for summer blooming, as it will make a strong growth, and it is literally loaded with its deep, rich red flowers. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage.

IRONCLAD COLLECTION OF ROSES

Price, 15c each; the Six Ironclad Roses for 60c. The Six in two-year-old plants for \$1.50; each, 35c; any three for 85c.

The Roses in this collection are the very hardiest of all Roses, and those who live in extremely cold climates should plant this collection. They are especially suited for planting in Canada and the Northwest, where the winters are so severe.

GLORY OF MOSSES

This is one of the most beautiful Roses imaginable. The open flowers are very bright, and of most delicious fragrance. Color a rich, glossy pink, large and globular. The buds are almost hidden with beautiful green moss.

GENERAL JACQUEMINOT

A rich velvety-crimson, changing to scarlet-crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all Hybrid Perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy.

MAGNA CHARTA

Flowers are extra large, equaling Paul Neyron in size, double and of cup form. Color a beautiful shade of bright rose. It received four medals and was illustrated in the Journal des Roses. This is the finest Hybrid of recent introduction. The bud is very large and full. We believe this to be the very best Hybrid Rose grown. Try it.

MADAME PLANTIER

The Ironclad White Cemetery Rose. A fine-formed, pure white Rose. Beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush.

MADAME CHARLES WOOD

For years we have been looking for a variety which had all the desirable qualities of a bedding Rose—that is, one which was of good color, fine form, profuse bloomer, and which would stand the rigors of our Western winters without protection. It is a vigorous, healthy Rose, of dwarf branching habit, and is simply loaded with flowers all summer long, being more profuse than most of the tender ever-blooming Roses. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses. We have proved the Madame Charles Wood to be entirely hardy. It blooms incessantly, and is one of the most beautiful of bedding Roses.

New Hardy Ironclad Ever-Blooming Rose. CONRAD FERDINAND MEYER

This magnificent new Rose was introduced by the celebrated Dr. Muller, of Germany, in 1899, and has just found its way to America. It is perfectly hardy, and blooms all through the summer and fall. The flowers are four inches across, perfectly full and double. The color is clear flesh-pink, with bright red center; it is very sweet, and has the delightful fragrance of the wild rose or sweetbrier. It has been called the "Ironclad" Ever-Blooming Rose, for, besides being perfectly hardy, it is entirely free from the attacks of insects, rust or blight, and is a real ironclad, continuous-blooming Rose, entirely different from the old ever-blooming varieties, and having a different style of beauty. This is certainly a grand variety.

New Hardy Climbing Roses

ones on this page for covering Porches, Fences, Archways, Summer Houses, Pergolas, etc.

Not All the Money in America could Buy Better Roses than the

Alberic Barbier—This Rose blooms sometimes singly and sometimes in large clusters. The color is light yellow with deep golden-yellow center, buds of orange-yellow. This is the only yellow hardy climbing Rose of any merit. It is first class in every respect and hardy everywhere. Those who have been planting the so-called Keystone had better try this Rose and get a Rose of value. **20 cents each; two-year plants, 50 cents.**

American Pillar—A new single flowering Rose with blooms two to three inches across, borne in immense clusters. Color lovely apple blossom-pink with bright golden stamens followed in autumn with red hips. **15 cents each; two-year plants, 40 cents.**

Bordeaux—This is a new Rambler that has won gold medals at Nancy and Mannheim. Produces enormous trusses of wine-red flowers which last a very long time. It also comes into flower earlier than Crimson Rambler. Quite hardy. **15 cents each; two-year plants, 40 cents.**

Climbing Baby Rambler or Miss Mesman—Think of a Crimson Rambler that blooms the summer through. This is a true ever-blooming Crimson Rambler, for at this writing (Aug. 1st) it is in full bloom in the garden with enormous heads of richest crimson. There has been a widespread demand for a Crimson Rambler that would bloom more than once. Here you have it. Everyone knows how Baby Rambler is always in bloom. This is simply a climbing form of the Baby Rambler, embracing all its good qualities. **20 cents; 3 for 50 cents; two-year plants, 50 cents.**

Climbing Frau Karl Druschki—The grandest of all white hardy Roses. The flowers and buds are immaculate white of the largest size. A most wonderful climbing Rose. All who desire a white climber should plant this variety. **25 cents each; two-year plants, 60 cents.**

Dr. W. Van Fleet—Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a remarkable delicate shade of flesh-pink on the outer surface, deepening to rosy-flesh in the center. The flowers are full and double, of delicate perfume; buds pointed. It very much resembles Souv. de Pres. Carnot in color. Superb. **20 cents each; two-year plants, 50 cents.**

Goldfinch—Buds deep yellow, opening lemon-white, semi-double, borne in large trusses. **25 cents each; two-year plants, 60 cents.**

Hiaawatha—A rambling variety of great beauty, bearing large trusses of single flowers. Color deep crimson shading to almost white in the center of the blooms with rich golden anthers remaining a long time in flower; late flowering. **20 cents each; two-year plants, 50 cents.**

Lady Godiva—Soft delicate pink like an Enchantress Carnation. A sport from Dorothy Perkins, of same habit of growth; late flowering. **15 cents each; two-year plants, 40 cents.**

Lyon Rambler—Many claim that this Rose will make Dorothy Perkins step some to keep up with the procession of Pink Ramblers. It has a very vigorous climbing habit, flowers abundantly and lasting a long time. The trusses, which are immense, contain from thirty to fifty flowers. Color bright vivid pink, shaded carmine, a wonderfully attractive color. Received silver medal at Lyons show. **15 cents each; two-year plants, 40 cents.**

Tausendschoen or Thousand Beauties—A Climbing Rose that comes to us from Germany. The flowers upon first opening are the most delicate shade of pink ever seen in a Rose, might be described as a white delicately flushed pink changing to rosy-carmine. It gets its name from its many flowers and the variation in coloring; beautiful; will become as famous as **Crimson Rambler** or **Dorothy Perkins**. We wrote the above a year ago, and now we can add that this Rose is sweeping the country like a prairie fire. You can word paint all you want to and then you will have left something unsaid. Simply a wonder. Hardy everywhere. **15 cents each; two-year plants, 40 cents.**

The Wonderful New Blue Rose or the Blue Rambler—The most wonderful Rose of the century for the reason that it marks a decided advance in the color of the Rose hitherto only dreamed of. **Veilchenblau** or **Violet Blue** is the proper name, but no doubt it will be known in America as the **Blue Rambler**. This Rose is going to have a larger sale by far than **Crimson Rambler**. Have we seen it flower? Well, we guess yes, and our word for it if you want something to cause you to stop and take notice, the **Blue Rose** will fill the bill. At a distance of fifty or a hundred feet a bush of the **Blue Rose** in full bloom will startle you. The color on first opening is reddish or rosy-lilac, quickly changing to amethyst or metallic-blue, some describe it as a steel-blue. It is a seedling of **Crimson Rambler**, perfectly hardy, vigorous climber, profuse bloomer, very distinct and pleasing; a wonder, everybody will want the **Blue Rose**. It will become as popular as the world renowned **Crimson Rambler**. **15 cents each, two for 25 cents; two-year plants, 40 cents each.**

White Dorothy Perkins—White Rambler never just filled the bill for an ideal white hardy climber. In **White Dorothy Perkins** we have a Rose that is the equal if not the superior of **Crimson Rambler** or **Dorothy Perkins** (pink), and all who are familiar with these beauties know that this Rose must go some to beat them. We have failed to find in our large planting the past two years of this Rose a trace of disease or a single insect enemy. The foliage is clean and bright, when in full bloom it resembles a huge bank of snow, so freely does it flower. It is a grand and most wonderful Rose. **20 cents each; two-year plants, 50 cents.**

Laredo, Texas, Oct. 28, 1911.

The Good & Reese Co., Springfield, Ohio.

Dear Sirs:—I have received in good condition all plants and bulbs I ordered from you. I think they are the best I have ever received.

I also thank you for the gratis bulbs you so kindly sent me, and prompt delivery of same.

In the future I will send my orders to you and help you out by influencing others to trade with you.

Respectfully, C. C. DE LA GARZA.

Standard Varieties of Hardy Climbing Roses INCLUDING THE RAMBLERS

Price, 10 cents each; any Three for 25 cents; any Seven for 50 cents.

Two-year-old Plants, 35 cents each; Three for 90 cents.

Baltimore Belle—Blush-white, in large clusters. An old-time favorite.

Crimson Rambler—Undoubtedly the best known, most popular and widely planted Rose in existence. It is extraordinarily fine in many ways. It is of rapid growth, and soon makes a large bush. The flowers are in huge clusters or panicles. Will thrive in every part of the United States and Canada, and should be planted by everybody.

Dorothy Perkins—In general habit closely resembling **Crimson Rambler**, but of a beautiful shell-pink, full and double, of an unusually large size for a cluster Rose. The trusses are made up of from thirty to forty flowers, and even more on the stronger branches. A decided acquisition. A rampant climber.

Empress of China—Bright pink, in large clusters.

Evergreen Gem—Light yellow; vigorous grower.

Flower of Fairfield—This is a much heralded ever-blooming **Crimson Rambler**; deep crimson in immense clusters.

Gardenia—Bright yellow, cream color when open; very fragrant and free; early flowering.

Lady Gay—Deep rich rose color, similar in all respects to **Dorothy Perkins**, but the flowers are larger and the color deeper; late flowering.

Manda's Triumph—Large clusters of double white flowers; sweetly scented.

Mary Washington—Pure white, perfectly double, in immense clusters; fine.

Philadelphia Rambler—Glowing crimson, large clusters; fine; several shades darker in color than **Crimson Rambler**.

Pink Rambler—Bright pink, produced in large clusters.

Prairie Queen—The old standby red climber. It is so hardy that it delights in the climate of Alaska and Canada.

Russell's Cottage—Dark red, double and full, very hardy and a great favorite.

Seven Sisters—Crimson to white and all intermediate shades; extra. Who has not heard of the **Seven Sisters Rose**?

South Orange Perfection—Soft pink or blush changing to white.

Tennessee Belle—Beautiful pink; free bloomer; an old standby. **Trier**—Large clusters of creamy-white blooms with dark yellow anthers, flowering freely; quite hardy.

White Rambler—Small flowers of pure white, produced in large clusters; fine.

William C. Eagan—A grand climber producing in great abundance delightful rose colored flowers.

Yellow Rambler—Bright yellow changing to canary-yellow; produced in pyramidal clusters of fifty or more blooms.

New Varieties Hardy Hybrid Perpetual Roses

PERFECTLY HARDY EVERYWHERE

AVOCA

Brilliant velvety-crimson with large smooth petals and high pointed center; buds very long; flowers of largest size and sweetly perfumed. Awarded gold medal of National Rose Society of England. This is catalogued abroad as a Hybrid Tea; in America it is a Hybrid Perpetual. **20 cents each; two-year size, 40 cents.**

AMERICAN BEAUTY

This is an old Rose, but has become famous due to its magnificent flowers when forced under glass. When planted in the garden in the localities that it does well in it blooms fine. We have reports from localities that it does not do well. It is a red Rose of the largest size. **We offer strong, one-year size, only 35 cents each.**

BARBAROSSA

The Red Frau Karl Druschki

A noteworthy new Hybrid Perpetual that has jumped into favor in a very short time. It is very large and full; color a brilliant tone of pure carmine-red; very free bloomer, and deliciously fragrant. **20 cents each; two-year size, 50 cents.**

CONRAD FERDINAND MEYER

This is a grand new Rose, a vigorous grower and free bloomer; flowers large, perfectly double, cup-shaped. Color deep, bright, vivid intense pink, with the penetrating fragrance of the old June Roses. We have grown this Rose for four years, in sections of the country from Canada to the

Gulf, and we have no hesitancy in saying after the most thorough and rigid test that a Rose can be put to, that this Rose is in every respect just what we claim for it. That is, the very best all around Rose ever introduced by any one, and to this we make not a single exception. It grows vigorous, it blooms freely, is absolutely hardy, flowers of the largest size; the form is perfect, the coloring unequaled and the fragrance delicious. Can you ask more? **20 cents each; two-year size, 50 cents.**

DUC DE ROHAN

This is a grand Rose, the flowers are very large and of symmetrical form, somewhat globular, very full and extremely fragrant; the color is a clear dazzling bright red, free bloomer, certainly a prize winner. **20 cents each; two-year size, 50 cents.**

EUGENE FURST

In this Rose we have one of the most distinct and valuable additions to our garden Roses that has been made in many years. It is large and full, fine form. Color deep red shaded crimson. Profuse bloomer. A most charming and superbly grand Rose. **20 cents each; two-year size, 50 cents.**

FRAU KARL DRUSCHKI

White American Beauty.

Has become renowned and justly so. It produces flowers in the garden that are better than American Beauty when forced under glass. The color is marvelously white, without a tinge of yellow or any other shade, a pure paper white, hardy as an oak. We make a specialty of this wonderful Rose, our stock being absolutely true, this we guarantee. The true stock is exceedingly scarce. The one best hardy white Rose. **25 cents each; two for 40 cents; two-year size, 50 cents each.**

CAPTAIN HAYWARD

This Rose ranks up at the top of the list. Mr. Crowell, the noted rosarian, claims for this the very best of all red Hybrids. Color deep glowing crimson, very bright and rich, of the largest size. We know of no red hybrid that in any way compares with it. **20 cents each; two-year size, 50 cents.**

HIS MAJESTY

The King of Roses

Dark deep crimson, shaded deep vermilion-crimson towards the edges. The blooms are full, of great size, having wonderful substance and depth of petals, with high pointed center. Awarded gold medal N. R. S. 1908. A grand all around red hybrid. **20 cents each; two-year size, 50 cents.**

J. B. CLARK

A Sensational Triumph in Rose Growing.

An intense deep scarlet shaded blackish velvety-crimson. Color like the sheen of a plum, often seven inches in diameter and five inches deep. The fragrance is very sweet; hardy even in Canada. **20 cents each; two-year size, 50 cents.**

PRINCESS OF NAPLES

This superb new Rose stands in the front rank as a producer of the very finest beautiful bright pink Roses, suffused with lilac. A most charming variety, and exceedingly sweet. **30 cents each; two-year plants, 60 cents.**

NOVA ZEMBLA

The White Conrad Ferdinand Meyer.

This is a sport from Conrad F. Meyer, inheriting all the good qualities of its parent with the added merit that the flowers are pure white. It is perfectly double and deliciously fragrant. A Rose that will be widely planted. A grand new Rose. **Only one-year plants to offer, 25 cents each.**

Frau Karl Druschki, the "White American Beauty."

Gloire Lyonnaise—Pale shade of chamois or salmon-yellow, sometimes passing to creamy-white, tinted orange and fawn.

Louis Van Houtte—A rich crimson, heavily shaded with maroon, and beautifully formed double flowers.

Madame Alfred Carriere—Extra large, full flowers, very double and sweet, color a rich creamy-white, faintly tinged with pale yellow. Exceedingly beautiful. It is a strong Pillar Rose and free bloomer.

Madame Plantier—The ironclad white cemetery Rose. It bears thousands of beautiful snowy-white, fragrant Roses. It is as hardy as an oak.

Mademoiselle Marie Rady—A clear, bright red, finely penciled with a rich maroon; very large, full flowers; fragrant.

Magna Charta—A bright, clear pink, flushed with crimson; very sweet; flowers extra large, with fine form and very double.

President Lincoln—A bright red Rose; large, full, fragrant.

Paul Neyron—The flowers are immense; in fact, it is the largest of all Roses I grow; lovely bright pink or rose, finely scented, continuous bloomer; very superb.

Princess Camille de Rohan—The color is a deep rich velvety crimson with shades of intense maroon, almost black, should be in every garden.

Vick's Caprice—Flowers large and slightly cup-shaped, but full and double. The ground color is clear satiny pink, distinctly striped and dashed with white and bright carmine; blooms freely all through the summer.

"BARGAIN COLLECTION" OF SEVEN TWO-YEAR-OLD ROSES FOR \$1

We will send seven of our large, splendid two-year-old Roses, our own selection of varieties, all plainly labeled. All to consist of the very best kinds. We are sure you will be highly pleased with this collection of Roses. If you wish these sent by mail, add 25 cents extra to help pay postage. Remember, selection of kinds must be left to us. "BOUQUET COLLECTION" OF TWENTY ROSES for \$1.00

Twenty of the finest Roses in the world for \$1. The selection to be left to us, all to be plainly labeled, fine, large, thrifty and healthy plants. All varieties are very fine. We do not catalogue inferior sorts, as we have only choice stock. The twenty different sorts are all catalogued, and the best you could obtain. Ask your neighbors or friends to give us a trial order. When they have tried us, they will thank you for the favor.

POLYANTHA or BABY RAMBLER ROSES

The New Baby Rambler Roses have increased very fast in popular favor. They are continuous bloomers and are entirely hardy. Grand for bedding, always in bloom, covering the entire plant all summer long. Except where noted, 10 cents each; two-year plants, 30 cents.

ANNA MULLER—Large clusters of brilliant rose colored flowers produced in great profusion. This is the original pink Baby Rambler.

BABY RAMBLER, or MADAME N. LEVAVASSEUR—This is the original Baby Rambler, daddy of them all. It is in bloom all the time, flowers in large clusters of brightest crimson. It grows to a height of eighteen inches and hides the plant with its bloom. A most wonderful Rose. 15 cents each; two-year plants, 40 cents.

CATHERINE ZEIMET or WHITE BABY RAMBLER—This is the famed white flowering Baby Rambler. Certainly a sight worth seeing when in full bloom. Pure white.

CLOTHILDE SOUPERT—This is a hybrid Polyantha. Outer petals pearly-white, center rosy-pink; large for its class; very full; exquisite.

JEANNE D'ARC—This is a pure White Baby Rambler, a fit companion for Mme. Norbert Levavasseur, the original Baby Rambler. 20c each; 2-year plants, 50c each.

JEANNIE DRIVON—Beautiful flesh color, changing to white.

JESSIE—An ideal Rose for massing, bedding or for pot culture. The flowers, produced in huge clusters, are of a bright cherry-crimson color which does not fade. Superb. The best of all the Baby Ramblers for pot culture. 15 cents each; two-year plants, 40 cents.

MADemoiselle CECILE BRUNER—Blush shaded pale salmon-pink; distinct and very pretty. Finest Rose grown for boutonnières.

MARIE PAVIE—White with rose center; full; one of the best.

MIGNONETTE—Rosy-pink; small and semi-double; a beautiful miniature Rose.

MOSELLA—This is a Hybrid Polyantha and bears large flowers for this class; center of flower chrome-yellow; edges of petals shading out to creamy-white.

MRS. TAFT—This is the improved Baby Rambler; clear red in color, not fading like Baby Rambler. Certificate of merit of the London Horticultural Society. 15 cents each; two-year plants, 40 cents.

MRS. WILLIAM H. CUTBUSH—Flowers with the delicate pink of Dorothy Perkins, blooming all summer. Extra fine for pot culture. 15c each; two-year plants, 40c.

ORLEANS ROSE—The showiest and prettiest of all the Baby Ramblers.

This charming and dainty Rose is of beautiful rounded habit, and is a huge bouquet of deep cerise or geranium-pink with distinct showy center of pure white; florets not crowded, but of beautiful arrangement, making as a whole a charming combination that cannot be beaten. The color is irresistible. The plant grows like a weed and the flowers are nearly "immortelle" in their lasting qualities. We believe that they will outlast almost any other Rose in existence with their stiff paper-like texture. Awarded gold medal. 20 cents each; two-year plants, 50c.

PAQUERETTE—Pure white, very double and full.

PERLE D'OR—Nankeen-yellow, orange center; beautiful.

SCHNEEWITCHEN—Ivory-white, large trusses of semi-double flowers, with large golden stamens; very pretty.

PERNETIANA ROSES

Native of the south of Europe. The following varieties are all entirely new, and resist the coldest weather. They produce flowers in the greatest abundance with strange colors not to be found in any other section of Roses. We can only supply budded plants that we import.

SOLIEL D'OR—(Golden Sun.) This Rose is the first of a new race unique in habit of growth and color. The flowers are large and globular, very full, the center petals well incurved, giving a double effect. Color is a blending of golden-yellow and reddish-gold, shading to golden-orange and nasturtium-red. Deliciously fragrant. Very hardy and free-blooming. Large, two-year budded plants, only 50 cents each.

Lyon Rose.

LYON ROSE—Pronounced by experts to be the most important introduction of modern times. Flowers large, full and double, of remarkable substance; shrimp-pink, edges coral-red or salmon-pink, shaded chrome-yellow; exceedingly fragrant, and perfectly hardy. Has been awarded the highest prizes at the many exhibitions in Europe. Large two-year budded plants, only \$1.00 each.

RAYON D'OR—(Rays of Gold.) This is the Rose that won the gold medal awarded by the city of Paris at the international exhibition of new Roses held at Bagatelle in 1907 and 1909. It has taken prizes of honor at a number of other places. Entirely hardy. Rayon d'Or is undisputedly the deepest of all the yellow colored Roses in existence. The bud is oval shaped, coppery-orange, streaked with brilliant scarlet bars. The open flowers are large, full, of fine globular form. Color on first opening superb cadmium-yellow. When fully expanded the color is a deep, brilliant sunflower-yellow, which does not fade. Produces its flowers in great profusion, and revels in all weathers. When massed it forms the most glowing decoration of the garden. An incomparable yellow Rose. Large, two-year budded plants, only \$2.00 each.

JULIET—A very distinct and attractive novelty, blooming both in summer and autumn. Strong, vigorous growth, with large and very double flowers; outside of petals old gold; interior rich rosy-red, changing to deep rose as the flowers expand. Of powerful and delicious fragrance. Has been universally admired wherever exhibited. A variety which is bound to create a sensation. Large, two-year budded plants, only \$1.50.

Beautiful Standard or Tree Roses.

Tree Roses

The Tree or Standard Roses are grafted on hardy Rose stalks about four feet high, are tree shaped, and when in full bloom are objects of beauty, making handsome plants for the lawn or rose border. Hardy everywhere.

Baby Rambler

This is a sheet of red Roses all summer long. \$1.25 each.

Persian Yellow

Deep golden-yellow. This is the yellowest of all Roses—in fact, the yellow of all other Roses pales and is dull when placed beside the Persian Yellow. As hardy as an oak. \$1.25 each.

Soliel d'Or or Golden Sun

This Rose is a new race unique in color. The flowers are large and globular, very full, the center petals well incurved, giving a double effect. The color of a fully expanded flower is very unusual and unequaled by that of any other Rose—a blending of reddish-gold, orange-yellow, nasturtium-red and pink. It has proved hardy in every section of the country. It will please you. \$1.25 each.

Frau Karl Druschki

The White American Beauty. This as a white Rose is par excellence; without question the best hardy white Rose. \$1.25 each.

Gruss an Teplitz

Virginia R. Cox

The sweetest and most strikingly beautiful crimson Hybrid Tea Rose in the world. The color is dazzling and the fragrance delightful. \$1.25 each.

We can supply in addition to the above varieties of Tree Roses a number of choice varieties in the different shades of pink, rose, red, crimson and white; in ordering state the color you desire; all are hardy. \$1.10 each, three for \$3.00, \$11.00 per doz.

Tree Roses Can be Sent Only by Express.

Moss Roses, Hardy Everywhere

Henri Martin

This is the only deep red Moss Rose. Has the true damask scent so much prized by all lovers of Roses. The buds are large and thickly covered with moss.

Mousseline

This is unquestionably the Queen of all Moss Roses. Extra large, full, very double flowers of the purest snowy-white, and comes in large clusters, delightfully perfumed; buds thickly covered with lovely deep green moss. A beautiful Rose.

Price, 20 cents each, the Four for 70 cents; Two-year size, 35 cents each, Four for \$1.15.

Madame Louis Leveque

This is a grand new Moss Rose; large, full, delicate flesh, deeper in the center; fragrant; splendid; well mossed. Resembles Capt. Christy in color.

Princess Adelaide

This is one of the most beautiful Roses imaginable. The open flowers are very bright and of most delicious fragrance. Color is rich glossy pink, tinged crimson, large and globular. The buds are almost hidden with beautiful green moss.

MISCELLANEOUS ROSES

PRICE, EXCEPT WHERE NOTED, 10 CENTS EACH; TWO-YEAR PLANTS, 35 CENTS EACH.

Amoena, the Pink Flowering Cherokee Rose—This wonderfully beautiful Laevigata or Cherokee Rose was raised in California, and it will sweep the state like wild fire when it is once known. The flowers are the same as the white flowering Cherokee, except that the color is a glowing pink with golden-yellow center. Resembles huge apple blossoms. Stock scarce. We have a fine lot. 15 cents each; two-year-old plants, 50c.

Double Laevigata, or the Double Flowering Cherokee—A beautiful hardy Rose, bearing double white flowers; very fine. The foliage of this Rose is very distinct.

Fortune's Double Yellow, or Beauty of Glazenwood—Yellow flaked with carmine; very charming color.

Laevigata, the Single White Cherokee Rose—This is the famous Cherokee Rose so well known in California. Large, pure white flowers with center filled with golden-yellow anthers.

Microphylla Alba—A most vigorous grower; very hardy; bears semi-double flowers of a creamy-white. This is the Rose Keystone you hear so much about.

New Century—Hybrid Rugosa. A grand Rose that is entirely hardy, bearing beautiful silvery-pink flowers in clusters. This Rose is in bloom all the time. Extra fine for nurserymen. 15 cents each; two-year-old plants, 50 cents.

White Banksia, or Lady Banks—A vigorous grower, in California growing to the top of tall trees and completely enveloping the entire tree; small double pure white flowers in clusters, with the true Violet fragrance; very desirable. 15 cents each; two-year-old plants, 50 cents.

Wichuraiana (Memorial Rose)—It readily adapts itself to any soil and will do well under any conditions. The pure white single flowers appear in greatest profusion during the month of July, after the June Roses are all past.

Yellow Banksia, or Lady Banks—Same as White Banksia, except color of blooms is sulphur-yellow. 15 cents each; two-year-old plants, 50 cents.

PEONIES THE KING OF FLOWERS

The wonderful improvement made during recent years in these old-fashioned hardy plants have brought them into renewed popularity. The gorgeous flowers, which rival the finest Roses in size, form and color, are produced in great abundance. After once being planted they require little care and attention, thrive anywhere, and are absolutely hardy even in the coldest climates; each year after planting they grow into greater value, producing more and more flowers. They are not troubled with insect pests. Try some of our fine Peonies, and see what grand flowers they are.

OUR SPECIAL SELECTION OF PEONIES

We realize that there are many who have not the time or inclination or who will not feel competent to make a selection from a long list of Peonies, and for the assistance of such we offer the following collections. These have been arranged with great care, each collection covering as wide range of color as possible, and with the idea of giving the greatest possible value for the amount invested. Descriptions of the Peonies offered in the following collections will be found in the alphabetical list:

CHOICE LIST OF PEONIES

Albert Crousse—Immense, very full convex blooms; delicate sea-shell pink, a solid color; a remarkable and striking variety. \$1.00 each.

Achille—Fine large five-inch bloom, very floriferous; opens light flesh-colored pink, finishing blush-white, with an occasional creamy spot; somewhat resembling an immense Carnation; an excellent variety for all purposes. 35 cents each.

Agida—A grand bright red Peony as in contradistinction to the crimson ones that are so prevalent among the reds. Very bright and showy. A fine color. 35 cents each.

Andre Lauries—Rosy-red; very free late bloomer; an old and well-known variety; considered very useful; probably the most widely planted of any Peony. 35c each.

Asa Gray—Large, full imbricated Rose-formed bloom; grand petals salmon-flesh; center very full and perfectly formed; flesh-pink, delicately dotted and flaked with carmine and lilac; strikingly imposing and valuable; a most unusual sort. From the formation of the flower it is designated as a double-decker. 75 cents each.

Boadicia—Large guards, high full center; color white, dotted and flecked with ruby-red; center petals edged carmine. Grand white Peony. 50 cents each.

Charlemagne—Late, free bloomer. Color delicate salmon-flesh. We think this one of the prettiest of all Peony blooms. 50 cents each.

Crown of Gold—(Couronne d'Or.) Immense, very full, ball-shaped bloom; pure snow-white, with golden-yellow reflex; carmine edges on some center petals. This variety will cause you to stand up and take notice. \$1.00 each.

Dr. Boisdual—This Peony is conspicuous among the reds by its brilliant velvety dark maroon color. The coloring is simply dazzling. Flowers very full and double; extra fine. 75 cents each.

Duchess de Nemours—Superb cup-shaped; sulphur-white flowers fading to pure white. In all Peonies there is nothing so exquisitely chaste and beautiful as this variety in the half open bud state; excels as a cut flower. Don't omit it. Late. 35 cents each.

Peony Festiva Maxima in full bloom.—(See description, page 16.)

Edulis Superba—Beautiful brilliant pink, with silvery reflex; large, well-formed, full flower on strong stem; blooms early with Festiva Maxima, and is a good sort to plant with that variety. 35 cents each.

Eugene Verdier—This is one of the most exquisitely chaste and refined Peonies of the whole family. It combines every desirable feature. Immense size; globular shaped, and literally packed with petals; color blush, delicately shaded to pink toward the center; profuse bloomer, deliciously fragrant; very slow in opening, holding a long time either on or off the plant. As a cut flower and for decorative purposes this Peony is unexcelled by any Chrysanthemum ever grown. We place it first and foremost and challenge comparison. \$1.00 each.

Felix Crousse—All Peony enthusiasts are familiar with the fact that it is difficult to get a red Peony that is a self color—that is, a full, rich, even shade of red without being suffused with a shade of another color. Felix Crousse fills the bill. A rich, even, brilliant ruby-red, exceptionally fiery, bright and effective; very large, full bell-shaped bloom. We place this in the front rank of all red Peonies—nothing like it in color. We have the largest stock of this variety in the world. 75 cents each.

CHOICE LIST OF PEONIES--Continued

Floral Treasure—Very large and full; clear pink, shading to lighter at center; a splendid hemisphere of fragrance; long, strong stems to uphold the big bloom, sometimes six inches across; very vigorous and floriferous. 50 cents each.

Festiva Maxima—This is not only the finest white in existence, but in most quarters it is regarded as the queen of all the Peonies. Mr. Harrison says: "This flower has reached the ultimate beyond which we cannot go." It combines enormous size with wondrous beauty, often seven to eight inches in diameter; color snow-white, flecked with an occasional clear purple spot on edge of center petals; in addition, it is very fragrant; a glorious flower, impossible to describe; magnificent. 50 cents each.

Gigantea—(Lamartine.) This is one of the rarest and most sought after in cultivation. Ward calls it the finest of all Peonies for cut-flower purposes. It is one of the earliest to bloom, produces an enormous flower, six to seven inches in diameter, on long stems; deliciously fragrant; fully as effective for decorative purposes as the finest *Chrysanthemum*. *Gigantea* is a ravishingly beautiful wild flower. \$1.00 each.

Golden Harvest—Very striking variety, producing large tri-colored blooms, the guard petals being blush-pink, with a distinct blush-white color, and deepening to canary-yellow, a few of the center petals tipped and striped with light crimson. This Peony combines cream, gold, white, pink, salmon, peach and apricot, the total color effect of the flower creamy-pink; strong, delicate fragrance; a splendid bloomer; extra fine. 50 cents each.

Humei—Very large, compact and striking cherry-pink flower; among the very best; highly cinnamon-scented; graceful in habit and grown very largely for cut flowers and valuable for landscape work. 35 cents each.

La Tulipe—Enormous globular, fragrant flowers; delicate rose, shading to ivory-white, with center petals tipped carmine. Again we quote Harrison: "There is no Peony so attractive in bud as this—first a ball interlaced with green, red and light—as it grows these interlacings become pronounced. There is no bloom whose unfoldings you watch with greater interest. It finally opens a solid ball of softest blush, with streaks of carmine. There it sits in all its beauty, a glorious flower in a chalice of veined marble, emitting a delightful perfume." This Peony belongs distinctly in a class by itself. 60 cents each.

L'Eclatante—The grandest of all bright velvety-crimson Peonies. A wonder. Large flowers of the most brilliant color. 60 cents each.

L'Indispensable—Very large cup-shaped bloom, finishing with a high-built center; delicate blush, almost white; very striking. 75 cents each.

Madame Crousse—Immense size, forming a huge pyramid of delicate baby-pink, changing to pure white; ethereally beautiful. 75 cents each.

Madame Bollet—Large, very double flowers; clear rose, with white reflex, lingulated with carmine; late bloomer. 35 cents each.

Madame Calot—This is the freest flowering of all Peonies. It is known in Holland as the Glory of Boskoop. Flesh-white shaded salmon; large convex flower, fine buds; extra for cut flowers. 50 cents each.

Madame de Verneville—Large, very full double flowers of pure white, with carmine tipped center petals, early, free and exceptionally fine. We have counted sixty-five large, perfect blooms on one plant open at the same time; a wonder. 60 cents each.

Madame Geissler—Gigantic imbricated well-formed bloom on strong stems. Color glossy silvery-pink shading to bright bengal rose on base of petals. 75 cents each.

Marie Lemoine—Enormous sulphur-white, massive bloom, delicately shaded chamois, with narrow carmine edge; a sort the Peony enthusiast raves over, but is unfortunately very scarce. Without question the grandest of all white Peonies. You positively cannot afford to leave this variety out of your collection. It is a wonder. We have a fine stock. \$1.00 each.

Monsieur Jules Elie—Immense globular and very full flower, broad and overlapping petalage, forming one of the most perfect Peonies in existence; finest glossy flesh-pink, shading to deeper rose at base. The entire bloom covered with a silvery reflex or halo; quite fragrant; very rare; a magnificent variety from every standpoint. We had blooms the past spring twelve inches across. \$1.00 each.

Mont Blanc—The yellow Peony. Broad, snow-white guard petals, center forming a very full, high cushion; color sulphur-yellow, fading in time to pure white; produces an enormous crop of bloom on grand stems; has more yellow in it than any Peony we grow; a grand, glorious flower—do not fail to plant it; superb in every way. 50 cents each.

Meissonier—Deep, dark, rich red. In the cut-flower market it is known as the American Beauty Peony; extra fine. 35 cents each.

Monsieur Krelage—Deep currant-red with amaranthine center. The French growers evidently spilled their paint pot after producing this superb variety as there is nothing in Peonies of its color. Large, flat flowers as big as a plate, perfect in outline, grand in every way. 60 cents each.

Paganini—Guards blush-pink; center of flower lemon-yellow; one of the surest to produce a crop; elegant. 25 cents each.

Princess—Compact, vigorous habit; color delicate silvery-pink, shaded with lilac and chamois; three nankeen petals tipped with crimson at the center; fine bud. Largely grown for cut flowers. Exceedingly fragrant—in fact, the most fragrant of all Peonies; rare and fine. 35 cents each.

President Roosevelt—This grand new Peony originated in Holland, and was named in honor of the President as a compliment to this country—as an evidence of the friendly relations existing between the two countries, Holland and America. The color is one of the most distinct of the *Chinensis* type, a brilliant scarlet, bright and rich, a color almost unknown in the Peony. A very unique and attractive variety of high merit. Quantity limited. 60 cents each.

Queen Victoria—Large, full, compact bloom; opens flesh-white, changing to pure white; center petals tipped with carmine spots; a grand white Peony for any purpose; more of this is being planted for cut flowers than any other variety. 35 cents each.

Victoire Tricolor—Deep pink guards; center yellowish flesh-color tinted pink; a glorious flower. 35 cents each.

OFFICIALIS SECTION THESE ARE EARLIER BLOOMERS THAN THE CHINENSIS SECTION

Price, 25 Cents Each; the Three for 60 Cents.

Officialis Rubra (Fl. Pl.)—The old-fashioned early deep crimson variety of our grandmothers' gardens.

Officialis Rosea (Fl. Pl.)—Very large, well-formed bloom, color deep pink; very brilliant and effective.

Officialis Alba (Mutabilis.) White striped with pink.

PEONIES TO COLOR

Usually Called Mixed Peonies

ALL DOUBLE FLOWERING

Our Peonies to color you will find unsurpassed. They are fine large flowers with rich colors; free bloomers. The roots we offer are strong. Be sure and try them. We have these Peonies in white, red, pink and rose at 15c each, four for 50c.

Remember that so long as we can ship Peonies safely during the spring months we will do so; after it becomes too late we will file your order for them and ship in the fall time.

TREE PEONIES

This is a remarkable species, developed from Peony Mouton, a native of China and Japan. In habit of growth it is not unlike a deciduous shrub—the growths are short and stocky, the plant eventually attaining a height of four or more feet and of large circumference; the foliage is quite handsome, and the immense flowers, which usually appear some two weeks ahead of the herbaceous class, are most remarkable for their immense size and gorgeous colorings. Splendid for grouping or for specimen plants on lawns. While a hardy plant, it will be found desirable to give it some protection in very cold latitudes. All shoots springing from the base should be rubbed off; any color you desire. 75 cents each, two for \$1.25.

Hardy Perennial Phlox

THIS is one of the most easily grown hardy perennials, and the large number of beautiful varieties now offered makes it especially desirable. These noble flowers are not only beautiful as individuals, but the cheerful appearance of our gardens during the summer and autumn months is much indebted to them. They succeed in any position or soil, and can be used to advantage either as single specimens in the mixed border or as large clumps or beds on the lawn. To produce the best results, however, they should have a rich, deep and rather moist soil, and let each clump have a space of from two to three feet in which to develop. They will continue to thrive for several years with little attention, as is attested by the fine clumps about old homesteads. The ease with which they are cultivated, their entire hardiness and the extended time of blooming, combined with the varied and beautiful coloring, make them especially valuable for garden planting. The Perennial Phlox usually commence to bloom in early summer, and are brilliant with color until after several frosts have come. They are admirably adapted for cemetery planting, also for a low hedge or screen to hide old fences and unsightly objects. Plant Phlox; they take care of themselves and get better each year.

Price, 10c each, three for 25c, seven for 50c, fifteen for \$1.00.

ALCESTA—Deep violet, shading almost to blue.

ALHAMBRA—Rich mauve; distinct.

ATHIS—Deep, clear salmon. Some claim this to be the showiest variety in cultivation.

BERANGER—Ground color white, delicately suffused with rosy-pink, and distinct eye of the same color; exquisitely marked.

BEAUTY—Delicate silvery-pink; a most beautiful sort.

BRIDESMAID—Pure white, clear carmine eye; blooms in large round heads; attractive.

COQUELICOT—The finest and brightest red of all the Phlox; the color is a bright orange-scarlet.

DUGUESCLIN—Rosy-lilac, distinctly rayed with lighter halo.

ESCLARMONDE—Clear rosy-lilac, deeper eye, exquisitely rayed and shaded.

ECLAIREUR—Clear rosy-magenta, with large lighter halo; large florets and magnificent bedder.

FRAU VON LOSSBURG—Pure snow-white.

HUXLEY—A rich lavender; color fine.

HENRY MURGER—Enormous pure white flowers, with very large, showy, deep carmine eye or center; fine florets and trusses; extra.

INDEPENDENCE—An excellent large-flowering early pure white; none better.

KOSSUTH—Rich deep purple. Extra fine.

LA VOGUE—A beautiful rose color with large eye of deeper rose color; very attractive.

LA PERLE DU NORD—Pure white; large, deep, distinct red eye; extra fine.

LE MAHDI—Dark violet-purple.

L'ESPERANCE—Clear rosy-lilac; large white eye distinctly rayed; large florets and an even bloomer.

LOTHAIR—Clear, even carmine, deep crimson eye.

MADAME P. LANGIER—Clear crimson, deeper eye; considered one of the best.

MISS LINGARD—Pearly-white flower, with a very faint pink eye; very remarkable bloomer, producing two to three crops of flowers during the season. Indispensable as a cut flower for florists' use.

MACULATA—Tall-growing, many-branched, pyramidal trusses of bright reddish, almost royal purple; the freest and showiest in permanent border; a grand acquisition to the hardy Phlox.

MRS. DWYER—Pure white with distinct red eye.

NIOBE—The deepest, darkest, richest colored of all Phlox—velvety violet-red with crimson hues; grand trusses.

PEACHBLOW—Delicate peachblow-pink, shading to white; large trusses; elegant.

PANTHEON—Large, clear, deep, bright pink with faint halo; a charming variety.

PRIME MINISTER—Deep carmine center, shading to white at the edges of petals; large trusses; free bloomer; exceptionally fine.

RUBUS—A parti-colored variety, rosy-red shading to white.

RICHARD WALLACE—Pure white, with violet-rose eye; large flowers in immense panicles. Too much cannot be said of this variety.

R. P. STRUTHERS—In our estimation the very best Phlox grown today—it has no faults. Color, clear cherry-red, suffused with salmon shades; deep red eye; fine large truss. Color is so clear and clean that each individual floret stands out as distinct as a cameo.

The Entire Set of Thirty-One Distinct and Beautiful Varieties of Hardy Phlox for \$2.00.

BEAUTIFUL FERNS

FOR HOUSE CULTURE

There are no plants grown that are more desirable for the house than these fine decorative Ferns. They are easily grown, free from insects and disease, and thrive well in the ordinary temperature of the living-room. See that the plants have plenty of drainage and are kept well watered; never let dry out for any length of time.

Roosevelt. (*Nephrolepis Roosevelt.*)

The Grandest and Greatest of All Ferns.

There is absolutely no Fern to compare with this charming variety. For full description see first page of this book. Also see third cover page for this Fern shown in a painting. It is a wonder. Fine plants, 25 cents; three for 60 cents. Strong plants, 40 cents; extra strong plants, 75 cents; specimen plants, \$1.25.

The New Crested Fern. (*Nephrolepis Scholzei.*)

This is the great Crested Fern that has set all the Fern lovers to talking. Everyone admires it and sings its praises. The growth is bushy and compact, each pinnae is crested, giving it a distinct and unique appearance. This Fern is a model of beauty. Fine plants, 30 cents; strong plants, 65 cents.

The Fluffy Ruffles Fern. (*Nephrolepis Superbissima.*)

This new Fern is quite different from all other Ferns. Its distinguishing characteristics are its dark green foliage, darker than any other Fern, its dense growth being much more compact, and its irregular shaped fronds which gives it the name of "Fluffy Ruffles Fern." The fronds are very heavily imbricated, the pinnae overlapping and are so formed as to resemble miniature Ferns, giving it the appearance of a Fern within a Fern. The plant is very sturdy in its habit and the fronds firm and rigid, never break down, so that it will stand more knocking around than any other Fern. The possessor of this new Fern has a distinct and different plant from all the other Ferns. It is a plant that needs to be seen to have its great value and sterling qualities appreciated. Fine plants, 30 cents each; strong plants, 65 cents each.

Fronds of *Nephrolepis Roosevelt* Fern.

Philadelphia Lace Fern

(*Nephrolepis Elegantissima.*)

This without question stands in a class by itself amongst Ferns. It belongs to the true Ostrich Plume type of Fern, and has this decided advantage over the others of never reverting to the Boston type. Its fronds are long, graceful and airy, resembling delicate lace. A most remarkable variety, a perfect jewel amongst Ferns. Do not fail to get this. Fine plants, 25 cents; strong plants, 50 cents.

The Newport Fern

(*Nephrolepis Scottii.*)

This Fern is all the rage at fashionable Newport. Identical with the Boston Fern, except it is smaller in all of its parts, and more compact, and will make more fronds in a given length of time. The fronds are lighter green than any of the *Nephrolepis*. The plants are never straggly, always making a shapely plant. Fine plants, 25 cents each.

The Tarrytown Fern

(*Nephrolepis Pieroni.*)

An entirely new form of the Boston Fern. The pinnae subdivide, making miniature fronds which are superimposed on the main fronds, looking as if two or even three were condensed in one, giving the plant a graceful, feathery and plummy effect. Price, 20 cents each; strong plants, 60c.

The Old Original Sword Fern

(*Nephrolepis Exaltata.*)

This is the parent Sword Fern from which all the *Nephrolepis* in commerce sprung. The fronds are narrow, and grow upright making it a most useful variety on this account for centers of vases, for which purposes it is used by the florists by the thousand. Fine plants, 25 cents.

The Wonderful New Fern BABY'S BREATH

(*Nephrolepis Goodii.*)

This has the finest foliage of all the Ferns. It is so delicate that a lady on seeing it exclaimed, "Call it the Baby's Breath Fern, as it is so dainty in texture that a baby's breath would set its fluffy foliage in motion." It gives the impression of fine lace work, and has been named in the East the Philadelphia Lace Fern. It is a much finer Fern than *Nephrolepis Amerpohlil*. Whatever name you call it by, it is a beauty. Our reputation for it that no Fern in existence can compare with it in fluffiness. Fine plants, 35 cents each; strong plants, 75 cents each.

The Wonderful Japanese Fern Balls

All you have to do to start them to growing is to soak them well with tepid water for half an hour and hang them up in a warm room. It usually takes about six weeks to start them. They need no earth, dish or pot—simply soak them and hang them up. Repeat this watering before they get dry every day, or oftener if necessary. Price, 60 cents each, two for \$1.00.

New Fern "Baby's Breath."

The Ostrich Plume Fern

Nephrolepis Whitmanii

A great Fern. In fact, it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than the Boston Fern, which has had the most phenomenal sale of any decorative plant that has ever been grown, but which cannot be compared to the Ostrich Fern for beauty and general effectiveness. Everyone who has seen it is charmed with it. As someone has expressed it, "There is nothing like the Ostrich Plume Fern in cultivation. In decorative effect it so far out-distances the original variety that there is positively no comparison to be made. We consider it the most valuable novelty that has been introduced in many, many years." It has taken gold medals wherever shown. Fine plants, 25 cents each; strong plants, 65 cents each.

The Springfield Fern

(*Nephrolepis Springfield.*)

This grand Fern originated in Springfield, and more nearly resembles the variety *Exaltata* than any of the other *Nephrolepis*. Being of upright growth it is especially valuable for vase and window box work. It also makes a fine specimen in pots. Fine plants, 25 cents; strong plants, 60 cents.

The Ostrich Plume Fern.

Boston or Fountain Fern

(*Nephrolepis Exaltata Bostoniensis.*)

In the vicinity of Boston no other plant is so extensively used as this graceful *Nephrolepis*, which differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. This Fern should not be compared to the Ostrich Plume Fern, as they are of an entirely different growth; both have their place and both are beautiful and desirable. Fine plants, 15 cents each; strong plants, 50 cents each; extra strong plants, \$1.00 each.

The Fish-Tail Fern

(*Nephrolepis Davallioides Furcans.*)

This is a grand Fern, entirely distinct from any of the other varieties of *Nephrolepis*. Throughout the South and especially at New Orleans this Fern takes precedence over all others. The ends of each pinnae are so formed as to resemble a fish tail, giving the fronds a crested appearance, very effective. It grows into the most shapely plant of any of the *Nephrolepis*. Grand for house culture. Fine plants, 25c each; strong plants, 50c each.

The Fish Tail Fern.

DWARF FERNS

FOR FERN DISHES

We have selected a few of the hardiest and most satisfactory varieties for filling Fern dishes, than which there is no prettier table decoration. Price, 10 cents each; or we will send six distinct Dwarf Ferns for 50 cents. We have six other distinct choice varieties of Dwarf Ferns at the same price; we will send twelve distinct Dwarf Ferns for 75 cents; these will make a fine full fern dish for the table.

Adiantum Formosum—The popular Maiden Hair Fern; very beautiful and graceful.

Aspidium Tsussumense—The most valuable for Fern dishes; of strong, but dwarf and graceful habit, of good color and of the best keeping qualities. A clean, good grower, and very ornamental.

Cyrtomium Falcatum, or Holly Fern—A beautiful and rapidly growing Fern that succeeds exceedingly well, small plants making fine specimens in a very short time. Fronds resemble branches of holly, from which it takes its name.

Pteris Adantoides—One of the finest Ferns. Has very decorative and handsome fronds.

Pteris Cretica Albo-Lineata—A very pretty and useful variegated variety, with silver markings.

Pteris Wimsetti—A beautiful low-growing Fern, suitable for table dishes.

Boston or Fountain Fern.

G. & R. GRAND GARDEN DAHLIAS

Decorative Cactus and Show Dahlias.

No garden is complete without a show of these brilliant and stately autumn flowers, and nothing gives greater return for so little money and care. We offer dry bulbs or tubers, but if stock of these becomes exhausted will send started plants.

CACTUS DAHLIAS

So-called from their resemblance to Cactus flowers. They are characterized by long, narrow, pointed, tubular and twisted petals of graded lengths, giving the flowers a striking and attractive appearance. Grand for cut flowers. Unless noted, 15 cents each; four for 50 cents; nine for \$1.00. The entire set of thirteen Cactus Dahlias costing \$2.25, for \$1.65.

Alfred Morgan—Color deep, rich purplish-crimson; very large. 20 cents.

Countess of Lonsdale—For perfection of bloom, erectness of stem, abundance of flower, this variety has never yet been equaled. On several of the plants we have counted over 150 perfect blooms on one plant. Is there any other garden flower that can equal it? The color is a rich salmon-pink tinted apricot. **The one best Dahlia, 20 cents.**

Dr. Jameson—Deep crimson; very free and fine.

Earl of Pembroke—Flowers large, of fine form. Color bright purple with a royal caste. A most beautiful flower.

Eva—Purest snow-white, with good stems. Said by some to be the finest white variety yet raised.

Floradora—Deep, dark, rich wine-crimson, splendid shaped flowers on long upright wiry stems. Habit the ideal of perfection. 20 cents.

J. H. Jackson—This is without doubt the finest dark Cactus Dahlia. Its velvety-black crimson-maroon shade is very striking. Large and perfect.

Kriemhilde—A magnificent variety bearing perfect flowers of fresh delicate pink shading to deep rose-pink. The center petals ultimately change to creamy white, giving the mature flower a captivating pink and white effect. 20 cents.

Mrs. Winstanley—Yellow disc deeply edged with soft scarlet. Flowers large with long, very curly petals.

Saint Catherine—Large, with long pointed petals. Color a combination of red and yellow like old gold.

Standard Bearer—Bright, pure scarlet; flowers large and full to the center; of symmetrical and perfect form. Petals semi-quilled. Extraordinarily productive. One of the very best. 20 cents.

Vesta—A beautiful shade of delicate light pink. Large full flowers borne on long stems. Very good. 20 cents.

Winsome—Pure white. Bears abundant masses of large, white flowers. Very desirable.

DECORATIVE DAHLIAS

These come next to the Cactus as a cut flower. They are also very showy in the garden, being unusually free bloomers. They are more formal in make-up than the Cactus Dahlias, but not as formal as the show varieties, being a happy medium between the two. Unless noted, 15 cents each, four for 50 cents, nine for \$1.00. The entire set of twenty-one Decorative Dahlias costing \$4.85, for \$4.25.

Beauty of Brentwood—A rich plum color; striped maroon. very fine.

Black Beauty—A beautiful dark velvety maroon, almost black. 20 cents.

Catherine Duer—(The Newport Dahlia.) Cherry-scarlet overlaid with crimson. Darker at the center. Its iridescence is unique and very striking, winning much favor as a cut flower variety. The fashionable flower at Newport. Especially good under artificial light. 20 cents.

Clifford W. Bruton—Immense size; color a clear, rich canary yellow. Fine for cutting. Should be in every collection.

Jack Rose—(New.) A magnificent flower with perfect form. Color rich crimson-red with maroon shadings. Named for its counterpart among Roses, the famous "General Jack." 20 cents.

Jeanne Charmet—(New.) The ground color is pure white with each petal delicately suffused, edged and tipped into a pinkish lilac, each lingula being edged with a picotee edge of deep violet-red, producing a dainty effect that defies accurate description. The flowers are borne on long stems, and are six to eight inches across. No Dahlia to compare with it. A wonder. 40c each.

Lyndhurst—One of the very best bright scarlets. Invaluable for cutting. Large, perfectly formed, double to the center, with long stems. Charming.

Madame Van Den Dael—(New.) A grand flower of immense size and beautiful form. Color delicate shell-pink with deeper markings. Center changing to creamy-white. Often six to seven inches in diameter. An exceedingly attractive and beautiful Dahlia. 40 cents.

Maid of Kent—A variable Dahlia. Sometimes comes ruby-red. Then again the petals come tipped white. 20 cents.

Matchless—Deep crimson, of large size; an early and late bloomer. This we consider one of the best ten Dahlias. Very showy in the garden.

Countess of Lonsdale.

G. & R. GRAND GARDEN DAHLIAS—Concluded

Decorative Dahlias--Concluded

Mrs. Charles Turner—Bright canary-yellow. Flowers of immense size, often measuring from seven to nine inches in diameter. This surpasses anything for size in yellow Dahlias. Try it.

Mrs. Roosevelt—(New.) One of the giant flowered type, delicate light pink shading to soft rose towards the center. An exceptionally large and elegantly formed flower measuring five to seven inches across. Greatly admired by all. An abundant bloomer. Does not make tubers like other Dahlias, but grows and flowers from eyes on the stems. A wonder. 50 cents each.

Nymphaea—Clear shrimp-pink, lightening toward the center. Very delicate and often called the Water Lily Dahlia, because of its resemblance to that flower. 25 cents.

Oban—Delicate mauve shaded to fawn. A very odd shape for a Dahlia, but presents an exquisitely effective appearance. 20 cents.

Perle La Tete d'Or—Pure white, large and exceedingly free blooming. Petals are split at tip, giving the flower a unique appearance. Very desirable. 20 cents.

Souvenir De Gustave Doazon—(New.) The largest Dahlia up to date. Can you imagine a Dahlia nine and one-half inches across? Simply a monster, still it is not coarse, but has such elegant refinement that it impresses every lover of flowers with its grace, beauty and charming elegance, and never fails to make friends. These immense flowers are borne in profusion from the earliest moment of blooming until the very last; it improves with the season and grows more perfect; color a rich orange-red. 30 cents.

Sylvia (or Dolly)—Flowers four to six inches in diameter; of fine form and full to the center, which is white, shaded to soft pink on the outer petals. In freedom of bloom next to Countess of Lonsdale. A magnificent Dahlia. 20 cents.

Virginia A Maule—(New.) A charming variety of large size. A most beautiful shade of glistening white, delicately tinted pink. 35 cents.

Wilhelm Miller—Brilliant purple. Very large and free.

William Agnew—Intense glistening crimson-scarlet, of large size and gracefully recurving form. The most popular standard red.

Zulu—Rich, deep maroon or jet black. Rightly named the Black Dahlia. Of fine form and full to the center. 20 cents.

Show or Fancy Dahlias

These are the old-fashioned Dahlias of our mothers' gardens. Perfect in shape and outline. Unless noted, 15 cents each, four for 50 cents, nine for \$1.00. The entire set of eighteen Show or Fancy Dahlias costing \$3.20, for \$2.75.

A. D. Livoni—Delicate soft pink with quilled petals; absolutely perfect, well-formed flowers. This is an old standby, which every Dahlia grower has retained from its introduction on account of its exquisite beautiful color and round, ball-shaped flowers. Very free.

Apple Blossom—Beautiful pink, showing the many shades of the apple blossom; from faintest blush-pink to a deep rose color.

Arabella—Primrose-yellow, tipped and shaded old rose and lavender; very fine.

Cuban Giant—Flowers of great size, measuring six inches across. Color dark, glowing crimson, shaded maroon. Magnificent. 20 cents each.

Dawn of Day—Buff tipped amber. A most striking color. 20 cents.

Golden Age—Sulphur-yellow. A free bloomer. 20 cents.

Grand Duke Alexis—This is one of the most delicately beautiful of all Dahlias. Very large, perfect form, with long, thick, quilled petals overlapping at the ends. White, slightly tinged and suffused delicate lavender. Ethereally beautiful. 20 cents.

Manhedy Beauty—Very free. Early, showy, creamy-yellow, striped and splashed carmine-purple. One of the best fancy Dahlias.

Jeanne Charmet. (For description see page 20.)

Miss Dodd—Perfectly formed golden-yellow flowers. 20 cents.

Mrs. Dexter—A rich shade of salmon. Much admired. 20 cents.

Orator—Light salmon-buff. A most peculiar color. 20 cents.

Purple Gem—Deep, rich, royal-purple. Fine.

Queen of the Yellows—Perfect form; solid golden-yellow. 20 cents.

Queen Victoria—Pure canary-yellow. One of the freest bloomers. Good for cutting.

Red Huzzar—A fine ball-shaped flower. Color fiery-cardinal. Rich.

Robert Broomfield—Pure snow-white. Of large size. A very free bloomer. Grand for cut flowers. We recommend this variety.

Storm King—(Blizzard.) Produces large, perfect shaped flowers on fine stems. By many said to be the finest of all white Show Dahlias. It often goes under the name of Blizzard from the fact that when in full bloom it resembles a bank of snow. 25 cents.

White Swan—Snow-white; of beautiful form, with long stems. Extra fine.

Pompon Dahlias

Of medium or small size, but compact and long-lasting. They bloom with the greatest profusion. Everybody loves them. 15 cents each, four for 50 cents, nine for \$1.00. The entire set of eleven Pompon Dahlias costing \$1.65, for \$1.25.

Bobby—Deep plum or claret color.

Catherine—Bright buttercup-yellow. Excellent for cutting.

Fascination—Pink and lavender, sometimes splashed with white.

Fashion—A very pretty shade of old gold.

Highland Mary—Pink and lavender, with white. Ethereally beautiful.

Little Beatrice—Blush-white; narrowly edged with delicate carmine.

Little Herman—Deep red, tipped white; variable.

Oriole—A glowing shade of bright yellow.

Pure Love—Pure lilac; extra fine form.

Snow Clad—Early pure white. Extra free flowering. A most charming variety.

Vivid—Bright glowing scarlet. Extra free and fine.

Dwarf Ever - Blooming Canna Lilies

Nothing has grown so much in favor with the average flower lover as the Ever-Blooming Canna Lilies. They succeed well anywhere, and the list given below is at such prices as will give every one a chance to have a few, if not a whole collection, of these popular flowers.

Price, plants to bloom this summer, 15c each; two for 25c. Any five for 50c. The set of ten for 85c.

These are the best varieties in cultivation. Always in bloom. They are not like the old varieties of Cannas that seldom flower, but are always covered with large, handsome trusses of bloom. Be sure and give them a trial.

Buttercup—True bright buttercup-yellow; large beautifully formed flowers in large handsome trusses. The best pure yellow Canna. 3 feet.

Charles Henderson—A free continuous bloomer; large compact trusses of solid crimson flowers. 3½ feet.

David Harum—Dark bronze foliage, fine large flowers of bright vermilion-scarlet dotted with crimson spots. 3½ feet.

Egandale—Foliage dark red with large scarlet flowers of nice form and excellent substance. 3½ feet.

Florence Vaughan—Very large blooms; bright yellow, heavily dotted with scarlet. 4 feet.

Gladiator—Visitors walking through our Canna fields stop short in front of "Gladiator" every time. It seems to insist upon being looked at. Color yellow spotted with red. 4½ feet.

Madame Berat—Pure soft pink flowers. A variety admired by all. 4 feet.

Madame Crozy—Bright red with narrow margin of golden-yellow on edge of each petal. 3 feet.

Mrs. George A. Strohlein—Amaranthine-red; attracts instantaneous attention. 5 feet.

Shenandoah—Beautiful bronze foliage; flowers of a most beautiful rose-pink. 4½ feet.

New Ever - Blooming Canna Lilies

New Canna, King Humbert.

Grand New Canna, King Humbert—This is the grandest of all Cannas, no other variety compares with it. The foliage is rich bronze or red of the most tropical growth. The flowers as large as the largest of the orchid-flowering Cannas. Color is bright rich orange-scarlet striped with crimson. This variety is the best of all. 4 feet, 25 cents each.

Martha Washington—The Best Pink—Strong grower, and one of the freest blooming Cannas we have ever seen. Flowers are of large size, with well-rounded petals, good substance and not too compact. Color is bright, clear pink. Considered by experts to be one of the best Cannas ever introduced. It is the only bright pink Canna. Extra fine. 3 feet, 20 cents each.

Crimson Bedder—The best of its color, and the finest of all bedding Cannas. Of compact habit, with abundance of bright green, glaucous foliage, always clean and fresh, and the earliest and freest bloomer of all. Florets large and open, in large, compact trusses, bright, glowing crimson, borne in such masses as to produce a literal blaze of color. It sheds, or cleans itself, admirably, and far surpasses in every way all crimson Cannas for bedding. 3 feet, 20 cents each.

Duke of Marlboro—Deep, rich velvety-maroon; a wonder. 4 feet, 25 cents each.

Duke of York—One of the largest, and blooms prodigiously. Color bright pink, edged with a border of gold. Ethereally beautiful. 4 feet, 20 cents each.

Papa Nardy—Very free flowering; large, rounding flowers of a beautiful purplish crimson. 3½ feet, 25 cents each.

Souv. de Antoine Crozy—Beautiful rich velvety-crimson, broadly bordered with golden-yellow. A beauty. 3 feet, 25 cents.

SPECIAL OFFER

THE SEVEN NEW PEDIGREE CANNAS, costing \$1.60, for \$1.10. This is a great bargain, and enables you to get the best in Cannas at a nominal cost.

Giant Orchid Flowering Canna Lilies

Price, 15 cents each; any two for 25 cents; the set of seven, costing \$1.05, for 80 cents.

Austria—Gigantic in size; with leaves fifteen to eighteen inches long, and eight to ten inches broad; flowers six to seven inches across and borne erect in large, bold trusses; color pure deep golden-yellow, vigorous grower. 3½ feet.

Allemania—The outer petals are bright scarlet, with a broad yellow border, the inside colors being scarlet and dark red, beautifully mottled and variegated; exceedingly showy and handsome. 4½ feet.

Louisiana (New Grand Prize Giant-Flowering Canna Lily)—At the Louisiana Purchase Exposition, St. Louis, where all the finest Cannas were on exhibition, Louisiana was pronounced the finest Orchid-flowering kind in existence. Height five and one-half to six feet. Its flowers are like beautiful Orchids; size often more than seven inches across, and every inch a vivid scarlet. It blooms tremendously, often four or five stalks flowering at once. You cannot conceive of anything more gorgeous. Its intense brilliancy and beauty are simply indescribable. 6 feet.

Frederic Benary—An early and free bloomer. Its flowers are currant-red with orange throat and yellow edge. 5 feet.

Indiana—Bears big clusters of orchid like flowers; color a glistening golden-orange daintily marked and striped with red, often six inches across. 5 feet.

Mrs. Kate Gray—This is an extraordinarily grand Canna in every way. Flowers are of gigantic size, measuring six inches in diameter. In color the flowers are very brilliant, deep orange, round and full, and are thrown high above the foliage, making them very showy and effective. It is one of the most effective bedders we have. 4½ feet.

Pennsylvania—We ask particular attention to this grand new American Hybrid Orchid-Flowering Canna, because in addition to being one of the largest and most magnificent varieties ever introduced it is the only pure deep red flowering sort in the Orchid-flowering class. The flowers are immense, often seven inches across, with petals two and one-half inches broad, borne in splendid branching spikes. 4½ feet.

DOUBLE GERANIUMS THE BEST THERE ARE

Price, 10 cents each except where noted; any six priced at 10 cents for 50 cents.

Alphonse Ricard—A most beautiful shade of bright vermillion; large flowers and enormous trusses; a grand variety.

Beaute Poitevine—Beautiful shade of shrimp-pink, gradually shading to white; a universal favorite.

Bertha de Presilly—Magnificent silver rose-pink flowers. Produces splendid trusses the entire season.

Comtesse de Harcourt—Beautiful florets and enormous trusses of pure white. Stands the sun well.

E. H. Trego—A beautiful shade of dazzling scarlet with a pleasing soft, velvety finish on a saffron ground. Excellent. The trusses are so freely produced as to nearly conceal the foliage.

Firebrand—The brightest, richest orange-scarlet; none better.

Frances E. Willard—A grand Geranium from any view point. Color a delicate shell-pink. A most charming piece of shading. 15 cents.

Heteranthe, or Double General Grant—Color of the flower is a light vermillion-red of a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up, trusses exceptionally large and borne in immense spherical balls, often measuring eight inches in diameter. It does finely in the open ground, and is perfectly reliable as a bedding Geranium of the highest merit. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. Fine also in pots. The very finest scarlet bedder.

Hubert Charron—Center white; each petal is edged with rosy-red. A lovely flower. 15 cents.

Jean Viaud—This is the best large-flowering double pink Geranium in cultivation. Anyone seeing a specimen truss cannot fail to become enthusiastic over it, pronouncing it the largest and finest Geranium in cultivation. The flowers are borne on bold trusses of enormous size, almost spherical, and as many as sixty florets have been counted on a single truss. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white.

John Doyle—This is claimed by all growers to be the very best bright red bedding Geranium extant. Certainly a grand variety; superb.

La Favorite—In this Geranium we believe we have the finest double white Geranium in cultivation. The flowers are borne in large trusses of the purest snow-white, retaining this pure whiteness even in the height of summer, and for winter blooming they are all that can be desired. Do not fail to add this charming variety to your collection.

Madame Barney—A profuse bloomer; florets of enormous size; color a deep, pure pink. A perfect bedder. 15 cents.

Madame Buchner—Strong, vigorous plant, adorned with magnificent flowers of snow-white. 15 cents.

Madame Canovas—Immense flowers of brilliant scarlet with maroon shadings; fine bedder. 15 cents.

Madame Jaulin—A continual bloomer; color day-break-pink, shading to a delicate peach-pink; enormous trusses.

Madame Laudry—A distinct salmon-pink with a slight scarlet shading. Enormous trusses and florets borne on long stems.

Madame Recamier—A strong and vigorous grower, bearing double snow-white flowers; grand. 15 cents.

Marquis de Castellane—This is a deep solferino in color. It has a splendid habit, and the color is decidedly unique and bright for a Geranium. An exceptionally striking variety.

Miss Frances Perkins—A constant bloomer of a charming deep rose-pink color, with a distinct white throat; stands the climate well.

Mrs. Lawrence—This is one of the finest Geraniums. The color is an artistic shade of bright satiny salmon-pink, slightly tinged white. 15 cents.

S. A. Nutt—This is the darkest and richest Geranium known. It is a very bright, dark, deep, rich, velvety-maroon, an excellent bedder and a perfect pot plant. One that must find its way into every collection.

SINGLE GERANIUMS NONE FINER THAN THESE VARIETIES

Price, 15 cts. each. Will send four single Geraniums, our selection of varieties, for 50 cts.

Albion—One of the finest single Whites. Pure in color; immense in size; of circular form.

Alice of Vincennes—White ground with charming gradation of colors from the throat through a beautiful shade of violet-crimson to a deep scarlet margin. Distinct and charming.

Dryden—A most gorgeous flower borne profusely; bright cochineal-red, shading to pure white throat.

General Grant—The old standby as a bright red bedding Geranium. It is a mass of scarlet all summer. It has no superior.

General Leonard Wood—A bright crimson-rose color, with large white blotch; very bright and fine.

Hofgartner Eichler—Dark crimson, shading to maroon; very dark and beautiful.

Julia Marlowe—Broad overlapping petals of bright scarlet. A splendid round flowered variety.

L' Aube—Enormous sized trusses, large, round florets, pure snow-white, retaining its pureness the entire season.

Madame Mosnay—A magnificent shade of red. Upper petals shaded violet to a white center; unsurpassed.

Mademoiselle Anastasie Lecadre—Rich crimson-carmine lake, shading through a maculated effect to a pure white center. Extra fine.

Mrs. E. G. Hill—A profuse bloomer of a soft light salmon. Each petal bordered with rose-salmon. Exquisite.

Pamela—Immense round flowers, with a large, pure white center, shading through a maculated effect to a broad, distinct outer margin of crimson lake.

President Roosevelt—Pure snow-white, retaining its purity the entire season. Perfectly formed round flowers, borne in enormous trusses.

Richmond Beauty—A brilliant scarlet-crimson with large, white feather on the two upper petals; florets round. Color clear and striking.

W. A. Chalfant—Dazzling scarlet florets, slightly circular and slightly cupped, forming a magnificent truss; grand bedder.

PELARGONIUM OR LADY WASHINGTON GERANIUMS

The grandest of all flowering plants; do not resemble the common Geraniums in any particular, neither in foliage nor flower; more beautiful in every way. We here offer twelve distinct sorts, every one entirely different in color and every one a beauty. The Lady Washington Geraniums are the handsomest of all flowers—once seen, never forgotten.

PRICE, 30c EACH; ANY FOUR OF YOUR SELECTION FOR \$1.00; THE ENTIRE SET OF 12 BEAUTIFUL SORTS FOR \$2.50.

Captain Raikes—A grand ruffled or fringed variety, with very large flowers borne in large, fine-shaped trusses; color bright red, with lighter center, with heavy maroon blotches in upper petals.

Crimson King—Rich bright red, with lovely ruffled violet throat; distinct.

Dorothy—It is a perpetual blooming variety, usually commencing to bloom in December or January, and continuing throughout the spring and summer. The throat and edges of the petals are pure white, each shaded toward the center with rich carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock of plants to offer.

Gold Mine—Rosy-scarlet, with white throat; each upper petal has a shining black blotch.

Gambetta—Brilliant dark red, with distinct black blotches on each petal.

Linda—Rosy-salmon; two upper petals black spotted; a grand sort.

Mrs. Robert Sandiford—(The New Double White.) The flowers are three inches across, of the purest snow-white, and perfectly double and very free in bloom. You cannot imagine anything prettier.

Madame Thibaut—(The New Double Pink.) The flowers are three inches in diameter, perfectly double, of the brightest pure pink, beautifully ruffled edges; very free in bloom.

Marie Mallet—Lower petals white, upper petals black, bordered red; elegant.

Mrs. Bradshaw—Large flower, pure white, with each petal showing dark maroon center.

Prince George—Clear pink, each petal blotched crimson. Considered by many who have seen it to be the prettiest.

Victor—The flowers are a bright cherry-red, with white at the base of each petal; the two upper petals are dark crimson-maroon. The flowers are of immense size and are very freely produced.

Remember, the above twelve, the most beautiful of all Geraniums, for \$2.50. There is nothing to compare with these for beauty in the plant line.

Pansy Geranium.

Pansy Geranium A Wonderful Plant

This new and beautiful Pansy Geranium is of the easiest growth, dwarf in habit, and literally covered with flowers all the time, and as it requires little or no attention, it is invaluable as a window plant. The coloring and markings of the flowers are most extraordinary—light pink, white, dark purple, black, etc., almost rivaling the Pansy in uniqueness of flower. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. Strong plants, ready to bloom, 30 cents each.

Sweet-Scented GERANIUMS

Price, 10 cents each.

Balm Scented—Delicious balm fragrance.

Dr. Livingston—Fine cut foliage, with rose fragrance; fine.

Mrs. Taylor—Dark green foliage of a peculiar walnut fragrance; flowers are scarlet. Shaped like Pelargoniums and borne in great profusion.

Rose—The famous sweet rose scented Geranium; very fragrant.

Carnation Pinks, The Divine Flower

FOR BEAUTY OF FLOWER and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the "Divine Flower." Plants in the open ground or in pots quickly make large specimens, and when brought indoors in the fall produce an abundance of flowers throughout the entire winter. Carnation blooms are expensive; don't buy them—grow them yourself. Pinch the plant back frequently during the summer season. In the fall bring indoors, place in a four or five-inch pot, keep in a temperature of forty to fifty degrees at night, and they will yield an immense number of flowers with splendid stems, as fine as those sold by florists. If not pinched in they will bloom profusely during the summer. We offer the finest varieties in existence. Your order is incomplete without some Carnations.

EXCELSIOR COLLECTION OF CHOICEST CARNATIONS

Price, 10c Each; 3 for 25c; 7 for 50c; Set of 9 Excelsior Carnations, postpaid, for 65c.

Abundance—Flowers very large and perfect in form; color a bright rosy-pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. This we consider one of the best pink varieties ever offered, and an excellent variety for pot culture.

Bon Ton—This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant dark red, shaded with richest maroon, fringed petals, nearly every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Roses.

Della Fox—Its color is almost indescribable. Of a rosy-orange shade, striped and flaked with carmine, never bursts its calyx, is very free and early flowering, and can always be cut with a long stem, a most desirable feature in the colored Carnation nowadays.

Estelle—One of the most fragrant Carnations we have seen. Color a clear, bright, glowing scarlet; a most continuous bloomer and distinct in color from any other sort offered. Greatly admired by all who have seen it growing here.

Genevieve Lord—As large as the largest light pink ever offered. A few blooms last season measured nearly four inches. It has taken first prizes wherever offered.

Jubilee—Very dwarf, and of a nice, bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfectly formed flowers; color a rich, bright dazzling scarlet. We unhesitatingly recommend this sort.

Morning Glory—This variety has been greatly admired wherever it has been seen for its desirable color, being a beautiful light pink satin color; flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

Whitcomb Riley—The ground color is the faintest blush, lightly penciled in soft pink. The bloom is fluffy in appearance, exquisitely beautiful in form. One of the grandest of all Carnations.

White Cloud—This is the largest white Carnation in cultivation—often measures four inches in diameter. The flowers are of the purest white, with petals of great substance, making it one of the very best.

"Novelty" Collection of Choice New

Monthly Carnations "THE DIVINE FLOWER."

Price, 10 Cents Each; Any Three of Your Selection for 25 Cents. This Novelty Collection of Seven Monthly Ever-Blooming Carnation Pinks, 50 Cents.

ADONIS

Another grand new variety so distinct that it stands alone. Awarded the Lawson Gold Medal, also the S. A. F. Medal at the Carnation Society's convention. The flowers measure three and one-half inches when well grown. Long, strong stems, two to three feet. A healthy, vigorous grower. But its color—a glowing scarlet-crimson, intense and fiery with its rich ox-blood shadings, far and away beyond all other Carnations.

ENCHANTRESS

The Great \$10,000 Beauty. The great forward stride in Carnations is made more manifest in this than in any other since the advent of the Mrs. Thomas W. Lawson. It was raised by the same grower, and he pronounces Enchantress superior to it. The flowers are three and one-half to four inches across when well grown. The color is a superb shade of rosy blush-pink.

GAIETY

Color pure white, with a few narrow pink pencillings about the edge and through the flower. Size large and full, form very round and symmetrical. One of the best producers, beginning to bloom early and continuing throughout the season without intermission.

HER MAJESTY

Purity of color fairly glistens all over this flower. Form is simply perfect, size larger than any other white, stem the strongest and about thirty inches long. It is bound to become the standard white for both winter and summer blooming, as it will start blooming July 1st and continue until the same time a year later.

LADY BOUNTIFUL

Largest flowers of the purest immaculate white; large-sized blooms. Valuable for garden planting and for pot culture. Very sweetly scented with that delightful old-fashioned clove fragrance.

New Fancy Carnation, PROSPERITY

This is the largest Carnation ever offered. It is a wonderfully free bloomer, considering the monster size the flowers attain. White, overlaid with pink, in mottles reminding one of the beautiful tints seen in Azaleas.

The Sensational Carnation,

MRS. THOS. W. LAWSON

The grandest of pink Carnations, a true exhibition variety. Bloom large and spreading, stem stiff; a good grower. All newcomers will have to meet comparison with the Lawson. Very free for so large a flower. The Lawson is the queen of a class all her own, just as American Beauty is among Roses. No grower can afford to be without it. Thirty thousand dollars was paid for this variety; highest price ever paid for any flower.

Gold Medal Chrysanthemums A Grand Collection

of "Mums" Either for Garden Culture or for Exhibition Flowers.

Price, 10c Each, Any Six, Your Selection, for 50c; Any Fourteen for \$1.00.

AUSTRALIAN GOLD—Deep golden-yellow with tones of bronze; of immense size; the petals are feathery, incurved and whorled. One of the finest. No collection is complete without it. It is indeed gorgeous in its coloring and bearing.

BLACK HAWK—An extra fine deep crimson variety of the largest size; none finer of its color.

CLEMENTINE TOUSET—The most wonderful of all white "mums." Pure snow-white, often flushed pink; of immense size.

CAMILLE d'ARVILLE—Pure snow-white, of medium size, but literally covers itself with its bloom; extra.

COLONEL D. APPLETON—A golden-yellow "mum" that beats them all.

GOLDEN WEDDING—Nothing finer among yellows; shines like burnished gold. The standard for measuring yellows; of mammoth size.

MRS. PERRIN—Still the brightest of all the pinks. Beautifully formed.

MODESTO—Still the best exhibition yellow. This Chrysanthemum has no faults.

MISS MINNIE BAILEY—One of the grandest all-pink Chrysanthemums. In finish it is exquisite, showing not the slightest trace of coarseness.

MRS. D. P. BASSETT—A light lemon-yellow of the largest size; grand.

MISS ALICE BYRON—Fine, substantial white, very lasting; good cut flower.

MAJOR BONAFFON—One of the very best deep golden-yellow Chrysanthemums; beautiful flower, both in form and color; incurved.

NAGOYA—One of the largest and finest brilliant yellow in the whole Chrysanthemum family.

GOLDEN GLOW—Bright yellow of velvety finish. Flower five and one-half inches in diameter.

JOHN SHRIMPTON—A rich red that has many admirers; of the largest size. Extra.

LAVENDER QUEEN—A lovely shade of pinkish-lilac. Very desirable.

MRS. JEROME JONES—One of the finest white Chrysanthemums ever raised; flowers of exquisite form and finish; grand.

MRS. HENRY ROBINSON—This is another early white commercial Chrysanthemum of great merit; large, double, snow-white; beautiful.

MAUD DEAN—An immense pink variety, finely incurved petals, broadly shell-shaped. One of the largest flowers exhibited in the fall shows; almost a pure self pink.

PERCY PLUMRIDGE—This grand variety has literally leaped into popularity. Flowers are so large as to startle you. The color shades from a few rows of lavender-pearl to the richest pink.

ROBERT HALLIDAY—Flowers of mammoth size and deep golden-yellow; really a wonder.

SILVER CLOUD—A delicate shade of peach-pink bordered white.

TIMOTHY EATON—The largest and grandest of all white "mums," simply immense.

VIRGINIA POEHLMAN—Claimed by many to be the very best white to date. Pure white, faintly tinged pink. A most wonderfully beautiful Chrysanthemum.

WHITE BONAFFON—This is the same style flower as Major Bonaffon except that the color is snow-white; extra.

EARLY FLOWERING CHRYSANTHEMUMS

So many persons have asked for varieties of Chrysanthemums that would flower before frost comes in the fall. We here offer the very best early "mums," so you can see them flower in the garden. 20 cents each; the five for 85 cents.

Carrie—Brightest yellow; large and fine.

Glory of the Pacific—A lovely shade of brightest pink; large and fine.

Estelle—Pure snow-white; literally covers the plant.

Monrovia—By far the best; very early; yellow, rich and fine.

October Frost—Purest snow-white; fairly glistens in its purity.

OSTRICH PLUME CHRYSANTHEMUMS

Below We Offer a Grand Collection of These Chrysanthemums. The term "Ostrich Plume" is applied to this type on account of the feathery growth with which the petals are thickly covered.

PRICE, 15 CENTS EACH.

Louis Boehmer—A most beautiful shade of lavender-pink.

Audrey (New)—Pure snow-white, ostrich plume. Elegant.

Hairy Wonder—Enormous terra-cotta, broad, spreading Japanese variety, with extremely wide cupping and incurving petals, which are covered with glandular hairs. Reported as the largest and best hairy ever exhibited. Habit, stem and foliage perfect.

HARDY POMPON CHRYSANTHEMUMS

These beautiful varieties are again very popular for outdoor bedding purposes. They are quite hardy, and with but a slight covering of leaves or coarse stable litter during the winter will take care of themselves after once planted, and produce an abundant, almost lavish, profusion of bloom; and the plants lend a coloration to the garden just at a time when other plants have been destroyed by frost and are looking their worst. Frost does not materially affect the flowering, and it will frequently happen that an armful of flowers can be cut after a sharp frost. 15 cents each.

Dinizula—Rosy-lake; very fine.

Eleganta—Deep pink, tipped and edged white.

Goldfinch—Magnificent; gold, shaded crimson; extra.

Golden Fleece—Large, bright lemon-yellow.

Kadar—Clear magenta; extra fine.

Mrs. Vincent—Large; deep purplish-rose.

Rhoda—Bronzy-pink; fine.

Valuable Palms

Indispensable for all decoration, whether in or outdoors, and for tropical bedding. They are easily grown, and increase their value two to four fold every year. Please notice that all Palms have, when young, leaves of a long, narrow shape, developing their character as they grow older; therefore do not think that a young sort has been sent you.

NOTICE—All large sized Palms over \$1.00 in price must go by express, as they are too large to go by mail.

SPECIAL OFFER—Four Choice Palms, of our selection of kinds, for only 50 cents net.

Phoenix Canariensis—A fine decorative Palm; one of the finest vase plants, particularly for outdoor decoration. It is of very robust habit, and is very easily grown. Will not burn under the hottest sun, and stands whipping by the summer storms without marring its beauty. It is very effective when planted in earthen vases, and in this way is particularly ornamental for decorating court yards, verandas, etc. This is the Palm that was used so largely in vases throughout the grounds of the World's Fair. It will thrive under more unfavorable conditions than any other Palm, for which reason it is particularly adapted to hall-ways or other positions where other Palms would not exist. Plant it out in your yard or garden in California or in the Southern States. **Young plants, 20 cents each; fine plants showing character leaves, 50 cents each; five to six leaves, three to four feet high, extra fine specimens, \$2.50 to \$3.50 each.**

Ostrich Plume Palm—*Phoenix Roebelenii*—(New). This is unquestionably one of the great Palms, combining the most graceful growth and form with the hardiness and ease of culture of a *Kentia*. It will prove an invaluable plant for the house. This is a remarkable Palm. **Fine young plants, two to three leaves, 25 cents; four to six leaves, 50 cents; six to ten leaves, \$1.00.**

Areca Lutescens—This majestic Palm is without a peer for strength and elegance combined. Dark, glossy green leaves, gracefully curved, on slender stems, the entire foliage gracefully disposed. Trunks and stems are a golden-yellow; irregularly spotted with bronzy green, giving it a peculiar charm. **Young plants, 25 cents each; plants with ten to twelve fine character leaves planted three to four plants in a pot, very bushy, three to three and one-half feet high, \$3.00 to \$3.50 each.**

Kentia Belmoreana—*Kentias* are among the best of the Palm species for general cultivation, being almost impregnable against disease. This variety is one of the best in its class; gracefully disposed as a decorative plant for the window, dinner table or conservatory, it scarcely has an equal. **Nice young plants, 25 cents each; fine plants, four to five character leaves, eighteen to twenty inches in height, \$1.25 each.**

Latania Borbonica—Well-known Favorite Fan Palm—Beautiful in all stages of growth. No plant is more easily grown, none more tenacious of life, enduring alike cold and heat from open windows and gas-heated air of our dwellings. Leaves large, fan-shaped, cheerful green color. Hardy constitution, adapted to all decorative purposes, within or without doors; appreciated by all the plant-loving community. **Price, young plants, 20 cents each; nicely developed plants showing two to three character leaves, 12 to 15 inches high, \$1.00 each; five to seven leaves, 24 to 30 inches high, \$2.50 to \$3.00 each.**

Livistonia Rotundifolia—This is a miniature Fan Palm. So many object to the *Latania Borbonica* as being of too large growth for house culture; let me tell you this Palm is a perfect jewel for house culture; no better Palm for that purpose. Its leaves are exactly like the Fan Palm, but only half the size. Finished specimens make almost a globular plant. **Fine plants, 75 cents each; strong plants, \$1.50 to \$2.00 each.** Our word for it this Palm will please as no other plant can. Very scarce.

Phoenix Canariensis

Ostrich Plume Palm

Rubber Plant

Fan Palm

Date Palm—*Phoenix Reclinata*—One of the finest and most hardy. The native Date Palm of the Canary Islands, and in the South and Pacific Coast it matures its fruit. It makes a fine specimen plant, and should be included in every collection. **Young plants, 20 cents each; plants showing character leaves twelve to fifteen inches high, 50 cents each.**

Cycas Revoluta (Sago Palm)—These are magnificent plants of noble, majestic habit and most impressive. They are probably the most valuable decorative plants grown, both for lawn and house decorations. Their heavy, glossy, deep green fronds resist alike the gas, dry heat, dust and cold to which decorative plants are frequently exposed.

Washingtonia Filifera

—A beautiful Palm. It has elegant dark green fan-shaped leaves, from which hang thread-like filaments. **Price, young plants, 10 cents each.**

Corypha Australis—A handsome fan-leaf Palm of rapid, easy culture. Very valuable and useful for outdoors during the summer. **Young plants, 20 cents each.**

Seaforthia Elegans—

A most useful conservatory or lawn plant. Leaves from two to ten feet long. Largely grown on account of its hardy constitution and useful and graceful character. They develop into noble specimens. **Young plants, 20 cents each; fine plants showing character leaves, 50 cents each.**

Sago Palm

The Rubber Tree

Ficus Elastica—Very large, smooth, leathery leaves. Ever-green foliage. Esteemed one of the finest house plants. Each new leaf enclosed in a long coral-red envelope, looking like a great red flower bud. It stands all kinds of harsh treatment. **Fine plants twelve inches high, 50 cents each; eighteen inches high, 75 cents each; extra fine plants two feet high, \$1.00 each.**

TENDER PLANTS

PLANTS IN THIS LIST WILL NOT STAND FROST

Acalyphas

Acalypha Sanderii—The most sensational new plant introduced for years, and one of the most striking flowering ornamental plants. Strong, free growth, with large, dark green leaves from each axil of which rope-like spikes of velvety-crimson flowers from one to two feet long and nearly one inch thick are gracefully suspended; useful as a pot plant. 15 cents each.

Acalypha Tricolor—A grand bedding plant where fine foliage effect is desired. The foliage is bronze, mottled with pink; very rich. 15 cents each.

Acalypha Triumphans—This is also a grand plant for beds. The foliage is red, marbled, streaked and mottled with green, yellow and pink; extremely effective. 15 cents each.

SPECIAL OFFER—The Three Acalyphas for 35 cents.

Araucaria Excelsa

Norfolk Island Pine—Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances. Its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house, and is highly ornamental. It requires the same culture as the Palm. Indeed, as a decorative plant for the house, this is one of the handsomest and most serviceable plants in our collection. Strong, plants, \$1.00 each; extra fine specimens, \$1.50 each.

Araucaria Excelsa.

Asparagus Plumosus Nanus

The Climbing Lace Fern—This graceful climber has to a great extent taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern—and will last for weeks after being cut, the whole plant being of a bright, cheerful green. Excellent house plant, succeeding under almost any conditions; by pinching back may be grown as a plant. 10 cents each for fine plants; large, strong plants, 35 cents each.

Asparagus Sprengeri

The Emerald Feather—A most desirable species, especially useful to grow as a pot plant for decorative purposes or for planting in baskets or vases. The fronds are frequently four feet long, of a rich shade of green, and most useful for cutting, retaining their freshness for weeks after being cut. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any situation. 10 cents each, three for 25 cents; strong plants, 25 cents each.

Chinese Azalea.

Chinese Azaleas

These beautiful plants are deservedly becoming more popular every season for window and conservatory decorations. The ease with which they can be grown and their diversity in color and freedom of flowering will always keep them in public favor. The plants we offer are all beautifully trained specimens, and even when not in flower are fine decorative plants. Our collection comprises the cream of the best continental establishments. All the plants we offer will flower freely in proper season. Plants twenty-four inches in circumference, 75 cents each; any six varieties, your choice, for \$4.25.

Apollo—(Medium.) Crimson-scarlet; best red.

Bernard Andrea Alba—(Late.) Superb white.

Dr. Moore—(Late.) Intense rose, tinted white and violet.

Deutsche Perle—(Early.) Ivory-white. Extra fine.

Empress of India—(Late.) Salmon, with white border. Magnificent variety.

Madame Van Der Cruyssen—(Late.) Glossy rose, tinted with amaranth. By many thought to be best of all.

Professor Wolters—(Medium.) Beautiful variety. Rose, white bordered.

Sakuntala—(Medium.) A grand variety. Very double, of the finest white.

Sigismund Rucker—(Early.) Lilac-rose, bordered with white, blotched crimson.

Simon Mardner—(Early.) Intense velvety rose. A grand variety.

Schrijveriana—(Late.) Very double, pink and white, with dark center. Splendid.

Verveneana—(Early.) Clear pink, white margin. Very large flower.

Flowering Begonias

Begonias are Fine for Pot Culture indoors, and for the Outdoor Plant stand or planted in the ground in shady spots

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.

Alba Picta—Long, pointed, slender leaves, thickly spotted with silvery-white. Foliage small and elegant.

Alba Perfecta Grandiflora—We doubt if there is a white-flowered variety that equals it. The foliage resembles *Rubra* in shape, but it is lighter green, while the flower panicles are much handsomer. It is a pure white flowering Begonia of much merit.

Argentea Guttata—It has purple-bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. Produces white flowers in bunches on ends of growth stems. Good for house culture.

The Wonderful New Flowering Begonia Coralline Lucerne—This new Begonia has simply taken everybody who has seen it by storm. There was not a single lady or florist who visited our greenhouses the past spring that did not purchase this Begonia after they had seen it in flower. It certainly is a wonder. The blooms last from a month to six weeks, and are borne in immense clusters almost hiding the plant. The color is bright coral-red, changing to a delicate pink. It is past the power of speech to describe it. A wonder.

Fine plants, 25c; strong plants, 40c; extra strong plants, 60c each.

Decorus—This is the white-flowering *Rubra*. Very similar to it, but with white flowers.

Foliosa—A beautiful fine foliage variety; pink flowers.

Fuchsoides Coccinea—This beautiful plant makes handsome specimens, with its graceful branches and pendulous flowers of bright scarlet. Very floriferous.

Gracilis Luminosa—A magnificent new specimen of the *Semperflorens* type, exceptionally sturdy and vigorous, and unquestionably one of the choicest bedding sorts in existence. Its flowers are large, perfect and plentiful, and never out of bloom. Color, the brightest scarlet. 15 cents.

Mrs. Townsend—Here we have a grand new Begonia with broad metallic leaves; underside bronze-red. Flowers in large panicles of a beautiful pink color. A grand Begonia. 15 cents.

Marguerite—Leaves a bronzy-green, somewhat resembling *Metallica*, but growing in more bushy form, and easier to handle when grown in pots. Large trusses of light rose-colored flowers freely produced.

New Trailing Begonia, Marjorie Daw—This Begonia is distinct from all other Begonias, for instead of growing upright it droops. It bears great clusters of large, shining pink flowers that droop from long stems, making a beautiful sight. For single specimen pot plants or for baskets and vases "*Marjorie Daw*," is proving one of the best plant introductions in years. 20 cents each.

Picta Rosea—A wonderfully free growing Begonia of sterling worth and great beauty. The plant is very compact in growth, forming a dense, well proportioned bush with rich green foliage, spotted with silver. The flower is a rosy-flesh color, shaded with a silvery-pink and enlivened with dense clusters of yellow anthers. One of the most wonderful flowering Begonias within our knowledge. It blooms continually. 15 cents.

President Carnot—The leaf is of silky texture, and is beautifully spotted with silver; under side plush red. Very strong, free-growing variety, that will succeed with any ordinary care, growing rapidly and sending out quantities of beautiful coral-red flowers in large pendent panicles. 15 cents.

BEGONIAS

Begonias are fine to plant on the north side of the house or other building, or in front of porch where they get shade. The foliage, as well as the flowers, are extremely ornamental, some being spotted and veined to give a parti-colored effect that is quite striking. Begonias planted with *Crotons* give a wonderful foliage effect, and this is heightened with their lovely showy flowers.

Begonia

New Begonia Coralline Lucerne.

Rubra—Has strong, slender branches, gracefully drooping under heavy waxen leaves and pendent panicles of coral-colored flowers as large as a hand. Medium-sized plants are frequently seen with more than twenty such panicles at a time. 15 cents.

Robusta—This is one of the most peculiar Begonias grown. The stock, stem and under side of the leaf are Indian-red. The upper side of the leaf glossy olive-green. The flower is composed of two wide and two narrow petals, the wide ones being broadcast at the base and terminating in a round point, of a beautiful bright rose.

Sandersoni—Bushy growing variety; glossy deep green leaves; flowers in clusters of drooping, scarlet, heart-shaped buds.

Thurstoni—The under side of the leaves is a rich purplish-red, the veins very prominent, while the face or upper side is a bronzy-green, shaded with crimson and olive, with a peculiar glossy metallic luster over all. Flowers rosy-white, in large clusters well above the foliage. The plant has a fine habit. 15 cents.

Vernon—A deep rose flowering Begonia. Suitable for pot culture or for bedding out. Always in bloom.

Weltoniensis—A very handsome winter-flowering variety, giving in profusion its lovely pink flowers, easy cultivation.

Brugmansia, or Angel's Trumpet

Here is a plant for the masses. It grows easily, blooms freely, and the flower is something to be proud of. The *Brugmansia* blooms indoors in winter and in the garden in summer. The plant has large, tropical leaves, with blooms eight inches long by six inches wide at the mouth, resembling a trumpet, hence the name, "*Angel's Trumpet*." Pure white in color and as fragrant as a *Jasmine*. Blooming plants, 20 cents each.

Brugmansia, or Angel's Trumpet.

Crotons

Nothing can excel the beauty and richness of coloring that is found in this class of plants. They are beautiful pot plants for the conservatory, making very handsome specimens for decorative and exhibition purposes. They are used extensively as bedding plants, for which purpose they are exceptionally well adapted. They should be planted in full sun, in a position where they can be more liberally supplied with water, which develops the most wonderful coloring in the foliage. Undoubtedly the most interesting and showiest bedding in our Springfield yards the past few years was made with this plant. They are fine for basket or vase work.

Where we used to sell dozens, we now ship thousands. Leave the selection of varieties to us. We can supply twelve choice kinds. Fine plants, 12 cents each, three for 30 cents, \$1.00 per dozen.

Croton.

Coleus

We have a collection of thirty kinds of the most distinct sorts. Leave the selection of varieties to us, as it is hard to describe the various tints.

Price, 5 cents each, any six for 25 cents, any twelve for 50 cents; twenty-five distinct varieties for \$1.00.

These are all good bedders, standing the hot sun without losing their color. Price of Coleus by the hundred when sent by express, \$3.00, you to pay the expressage.

New Giant Fancy Leaved Coleus, Christmas Gem.

New Giant Coleus, Christmas Gem (Brilliancy or Dr. Ross.)

Leaves immense, eight to twelve inches long, looks like a Rex Begonia, and just as beautiful. Cannot be excelled as a pot plant. The name aptly describes the appearance of this variety, which belongs to the giant-leaved section; of strong, vigorous habit, growing from two to three feet high, with leaves often nine to ten inches long, which are of bright carmine, shading off to a deep maroon, the margin being yellow and green, the whole leaf having a rich velvety luster. 20 cents each.

Camellia Japonica

Camellia is considered the queen flower of the South, and is called the "Japonica." During the month of May immense trees can be seen in full bloom, making the most gorgeous sights to behold. Their dark, shiny leaves contrast beautifully with the waxy-like blooms, which come in pink, white rose, carmine and variegated shades. No garden is complete without them, as they are also quite hardy in the Southern States and require no protection or care. They are called the Royal Family of greenhouse plants. Time of blooming is in winter and in early spring. Requires a moderate and uniform temperature, with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. We offer splendid plants, bushy, well-grown specimens, and all in splendid health. The varieties are the best extant, the pick of a continental collection. Plants two to two and one-half feet high, \$1.00 each; the set of twelve distinct kinds for \$10.00; any four for \$3.75. All our Camellias are double-flowered. We can supply fifteen sorts other than the twelve named at same price, all fine varieties.

Chandeleri Elegans—Lively red, spotted pure white.
Countess Lavinia Maggi—Pure white striped red.
Donkelaar Eugene Lize—Clear red, spotted with white.
Duchess of Cazi—Carnation-pink, veined rose, bordered white.
Il Tramento—Carmine striped white, very rich.
Marghanta Caleonie—Fine red maculated with white.
Madame Lebois—Clear red.
Nobilissima—A better white than Alba Plena; much freer in bloom. Extra pure white. The grandest of all Camellias.
Preston Rose—Color beautiful transparent rose; grand.
Princess Bacciochi—Dark red.
Princess Clothilde—Clear pink striped red.
Saco Nova—Delicate transparent pink. Ethereally beautiful.

Marguerite Daisies

Marguerite Daisy.

airy and graceful as these blossoms of large white petals showing a yellow disc. 10 cents each.
Marguerite Daisy, Etoile d'Or—The new yellow Paris Daisy, similar to Madame Gaillbert, but a rich golden color. The two varieties go handsomely together. 10 cents each.

Blue Marguerite Daisy, AGATHEA COELESTIS

This is a grand variety producing flowers of bright blue. A solid color. Very desirable. 10 cents each.

The Three Marguerites for 25 Cents

Euphorbia Splendens

Or Crown of Thorns.

A curious plant with thick fleshy stems which are covered with stout, sharp thorns, many an inch long. The foliage is bright green, and the flowers are a beautiful coral-pink. Very pretty when in bloom and a great curiosity at any time. Soon makes handsome plants. Legend says this is the plant the Savior was crowned with. 15 cents each.

Marguerite Daisy
Madame Gaillbert—This is one of the finest new plants that has ever been introduced. Noting can be imagined that is finer. All know the old varieties of Paris Daisies, how beautiful and much sought after for decoration of all kinds. This new variety blooms constantly, and will produce ten blooms to the old variety's one. Nothing is so

Fuchsias or Ladies' Eardrops

Price, 10 cents each, except where noted.

Black Prince—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. We have seen specimen plants six feet in height and four feet across loaded with thousands of bright buds and blossoms of a beautiful waxy carmine or pink color. Certainly a plant of easy culture. 15 cents.

Enfant Prodigy—A grand Fuchsia; bright red sepals, deep purple corolla.

Lustre—Very free bloomer, white sepals, deep pink corolla.

New Fuchsia Mary—A most wonderful plant novelty, foliage is long and pointed, of a bronzy green. Its greatness lies in the fact that the flowers are different from any other Fuchsia, being fully 3 inches long, of the richest scarlet color. Comes in big clusters. Our word for it this plant will not only startle you, but will please you as well. 20 cents each.

Monstroza—Of the largest size; scarlet sepals, snow-white corolla. 15 cents.

Rifford—A fine Fuchsia; scarlet sepals; plum colored corolla.

Speciosa—Habit erect and compact, presenting a decidedly neat and attractive appearance as a pot plant. The fine star-shaped flowers are produced in profusion, and begin when plants are quite young. The flowers are three inches or more in length; tube and sepals bright rose, corolla brilliant carmine; it blooms quite freely.

Fragrant Heliotropes

Price, 10 cents each.

Snow Wreath—Superb large clusters of deliciously fragrant flowers of pure white.

The Queen—For a neat, dwarf habit, profusion of bloom and richness of odor, this Heliotrope has no equal, and its vivid color of royal purple, with a distinct white center, gives us something entirely new in color, either for summer decoration or winter flowering. By far the best of all Heliotropes.

Florence Nightingale—Best free-flowering light lavender.

Chieftain—Color deepest violet-purple, large white eye; very fragrant; the plant is of vigorous habit; very floriferous.

The above Four Heliotropes for 35 cents.

New Pink Hibiscus "Peachblow"

This is a sport from the double red Hibiscus *Rosea Sinensis*.

The flowers are double and from four to five inches in diameter, of a charming, rich, clear pink color, with small, deep crimson center. It is one of the freest flowering plant novelties recently offered. The color is an entirely new and beautiful shade, and it blooms abundantly and continuously during the summer and fall months. Large plants two and three years old make a magnificent show. It will give general satisfaction to those who grow it, either in pots or planted out in the garden. It blooms well in the winter in the greenhouse or in any sunny window. 15 cents each; strong, fine plants, 30 cents each.

New Hibiscus White Wings

This is the only Hibiscus bearing white flowers, the blooms are five to six inches in diameter; on first opening they are delicate pink, but soon change to pure white; this is a grand novelty. 25 cents each.

Chinese Hibiscus

Price, 10 cents each, any three for 25 cents. We have large plants of Hibiscus, ready to bloom, for 25 cents each. These are handsome plants.

Sinensis Giganteus—This is a plant for house cultivation during winter or summer, or for planting outside during summer. It blooms at all times of the year. The plants branch freely and flower profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots it has an equal only in the *Brugmansia*. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such vivid crimson-scarlet color that they can be seen from a long distance like a flaming torch. They can be wintered in the cellar or pit with perfect safety, and if one does not care to grow them all winter, one should have one or two for summer display.

Grandiflorus—Rich, glossy cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

Sub-Violaceous—Flowers of enormous size, beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take great pleasure in recommending this fine plant.

Double Crimson—This grand variety has immense flowers of the richest crimson; combined with glossy foliage, renders it best of all.

Aurantiacus—Large and double with orange-colored flowers.

Carminatus Perfectus—Full, round flowers of perfect shape and of a rich, soft carmine-rose, with a deep crimson eye; fully six inches in diameter.

Collerii—Flowers buff-yellow, with a crimson-scarlet base; peculiarly handsome and double.

Versicolor—A variety combining in its flowers all the colors of the whole family, being handsomely striped crimson, buff, rose and white. Flowers eight inches in diameter.

SPECIAL OFFER—We will send the entire set of ten distinct kinds of Hibiscus for \$1.00.

Impatiens

These make handsome pot plants, or are grand for bedding purposes. They are always in bloom.

10 cents each, three for 25 cents, the six for 45 cents.

Sultani—This makes a very shapely plant, and is in bloom continuously the year round, outdoors or indoors, even in the small plants three or four inches high. The bloom is a bright red, and comes so profusely as to almost cover the entire plant. Very desirable.

Impatiens Sultani.

White Lady—Same as above, except pure white flowers with deep crimson eye.

Pink Beauty—Same as above, except salmon-pink flowers, purple eye.

Salmon Queen—A lovely salmon shade.

Violet Queen—A deep rich violet color.

Holstii—The richest brightest scarlet.

IMPATIENS MAKE FINE BEDDING PLANTS

They are also useful as single specimens in tubs or large pots. They completely hide the plant with their bloom, and resemble a large bouquet of color; be sure and try Impatiens.

Hibiscus Sinensis Giganteus.

Lantanas, or Shrubby Verbenas

The brilliant colors, robust growth and profuse blooming habit of the Lantana render it one of the finest bedding plants we grow. The flowers embrace all the most delicate shades of orange, sulphur, creamy-white, etc., changing from one distinct color to another as they increase in age and development. The varieties we have give a wide range of color, and include the most distinct and profuse kinds; fine for baskets and vases or porch boxes. 8 cents each, three for 25 cents, twelve for 75 cents.

Weeping Lantana

A New Weeping Plant of Great Beauty.

One of the grandest basket plants grown. The plant has a most graceful, drooping habit, grows very rapidly, and blooms continuously summer and winter, producing large clusters of the most delicate lilac or rosy-pink; foliage a beautiful dark green. A single plant on August 1st this past summer had five hundred and ninety clusters of flowers on it. The same plant December 1st had three hundred and fifty clusters of flowers on, which proves it one of the most persistent bloomers, and it does equally well winter or summer. We know of nothing of recent introduction that is so easily grown and gives so much pleasure and satisfaction as this beautiful Lantana. 10 cents each, three for 25 cents.

The Wonderful New Lemon Ponderosa

Ponderosa Lemon.

Our New Ponderous Lemon is what we claim for it. Largest, Freest Blooming, Fruiting and Most Delicious of all Lemons.

Nothing that has ever been brought to our notice in the plant line has caused half the commotion that this wonderful Lemon has. It is a true ever-bearing variety. On a plant six feet high no less than eighty-nine of the ponderous Lemons were growing at one time. It was a beautiful sight to see. The tree was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true ever-bearer. Fruit has been taken from this tree weighing over four pounds. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. We have the entire stock of this ponderous Lemon, and guarantee the trees to produce the same large fruit. No budding or grafting necessary. Ponderosa Lemon is sure to become popular when it is known. It fruits when quite small, and makes a lovely house plant. Everybody can grow his own lemons; it will fruit freely each year. Thrifty young plants, 10 cents each, three for 25 cents; strong one-year-old plants, many of which will fruit this year, 25 cents each; strong two-year-old plants, 50 cents each; extra strong, handsome plants, to bloom and fruit at once, \$1.00 to \$1.50 each, according to size.

Sweet German Myrtle, the Jew or Bride's Myrtle

This is the handsome, upright, evergreen plant, suitable for pot culture in the house, has small glossy green leaves that are very fragrant. This is scarce and rare. Fine plants, 25 cents each; three for 50 cents.

The Beautiful Dwarf Ornamental Otaheite Orange

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy deep green foliage, which has a decided odor of the Orange Tree of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much-sought-for blooms of the Southern Orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree their sweetness. This unique Orange cannot be equaled as a winter-blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant Orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once of this beautiful Orange. We commend it to our friends as a novelty of sterling worth and merit. Fine plants, 10 cents each; large, strong plants, ready to bloom and bear profusely, 25 cents each; extra large, strong plants, 50 cents each.

Oleanders

These old-fashioned shrubs are becoming immensely popular again. We are growing and selling them by thousands. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the cellar.

Lutea—Has double primrose-yellow flowers of a lovely shade, also fragrant. Scarce. 15 cents each.

Rosea—Has double pink flowers. The old favorite. Very sweet. 15 cents each.

Rosea Variegata—Foliage is green, deeply edged with yellow; pink flowers. 20 cents.

Lillian Henderson—Has double white flowers of the largest size. Fragrance like the old double pink. Scarce. 15 cents each.

The four different colors of Oleanders for 50 cents.

Emperor Pansy.

Emperor Pansies

Our Emperor Pansies are the best the world produces. They are the choicest large-flowering sorts, both of European and American growers. It has been our aim to make this the finest strain of this favored flower in existence. 5 cents each, six for 20 cents, 35 cents per dozen, forty for \$1.00.

Silver Leaved Begonia.

Peperomia Muscosa or Silver Leaved Begonia.

Here is a most beautiful plant for pot culture; easy to grow and thrives anywhere; leaves deep olive-green, distinctly marked with silvery-white. Thick and waxy-like; leaves distinctly variegated white and green, and have the appearance of being powdered with frosted silver. Price, 15 cents each; two for 25 cents.

Mexican Fire Plant, Poinsettia Pulcherrima

Native of Mexico. A common plant of the tropics, and well known in Northern hothouses for the great scarlet bracts surrounding its flowers, produced in winter, and often remaining bright for months at a time. Does well anywhere in Florida, outdoors, and anywhere in the North as a house plant, growing to large size. It is a splendid object from Thanksgiving to March 1. If cut by frost, it sprouts up readily. Price, 20 cents each.

New Ever-Blooming Primula Obconica Grandiflora

Always in bloom. This is a charming plant for winter—in fact, we know of no plant that is better adapted to home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its elegant panicles and sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. Two colors, white and pink, 10 cents each.

New Ever-Blooming Baby Primrose

This is the freest-blooming plant that we know of, blooming continuously throughout the entire season. Plants in very small pots have from fifteen to twenty sprays of lovely light pink flowers on stems ten to twelve inches high at one time, and plants in four-inch pots often have from twenty-five to fifty at one time, lasting in bloom fully four weeks without fading and continually sending new sprays all over the plant, making it one of the most desirable plants for the house ever introduced. It is a very rapid grower, and the easiest grown of all the Primrose family. Very desirable. 8 cents each.

Ruellia Mokoyana

This is a charming indoor plant for culture in pots or may be used in vases and baskets; of bushy spreading habit and finely marked leaves, which are beautiful olive-green, delicately veined with silver and rich purple underneath. A neat and handsome plant, always bright and pretty. The flowers are exceedingly beautiful, trumpet shaped, and of a rosy-lavender color, almost covering the plant in their great profusion. 15 cents each.

Salvias

Price, 6 cents each; 60 cents per dozen; twenty-five for \$1.00; \$3.00 per hundred, by express, you to pay expressage.

New Dwarf Scarlet Salvia, Le President—It forms a compact bush, completely covered with rich scarlet flowers. We have had plants that by actual measurement were only fifteen inches high, and two feet across.

Splendens—The standard sort for bedding, flower spikes of most brilliant scarlet.

Splendens Alba—A pure white variety of Splendens; identical in every respect except in color.

Splendens Variegata—White and red flowers; very evenly striped.

New Dwarf Scarlet Salvia, Mrs. Page—This variety simply hides the foliage, and is a sheet of brightest scarlet.

New Salvia, Silverspot—The distinctive feature of this splendid novelty is its strikingly handsome spotted foliage. The leaves are rich, soft dark green, with light sulphur or cream-colored spots of various sizes liberally sprinkled over them. The intense bright scarlet flowers are very large; the plants are of neat, compact habit.

Sansevieria Zeylanica—Zebra Plant

A beautiful plant, specially adapted for the decoration of drawing rooms and halls, as it stands dust and drought with impunity and requires scarcely any water. The leaves are beautifully striped crosswise, with broad white variegations on a green ground. It is a rare and beautiful plant, which should be abundantly grown for positions out of the reach of sunshine, where other plants will not thrive. It can be placed in any position in any room and do well. It has a singular beauty for decorative purposes which other plants do not possess, and it is useful both in winter and summer. For vases and baskets it is a fine centerpiece, and grows splendidly out of doors during summer. Fine plants, 15 cents each; two for 25 cents.

Tritoma Pfitzerii.

The Ever-Blooming Tritoma Pfitzerii

The greatest bedding plant ever introduced, surpassing the finest Cannas for attractiveness and brilliancy, equal to the Gladiolus as a cut flower, and blooms incessantly from June until November. Plants perfectly hardy in open ground all winter south of Philadelphia. Further north they must be protected or wintered in the cellar like the ordinary Tritoma. Just bury the roots in sand; nothing more is required. Should be planted out very early in the spring, and will commence growth and bloom at once, growing larger and finer every day. Plants show six to twenty grand flower stalks all the time, each holding at a height of three to four feet a cluster of flame colored flowers of indescribable beauty and brilliancy. Each cluster keeps perfect several weeks, and when it fades several more are ready to take its place. Fall frosts do not kill it or stop its blooming, and it is as brilliant as ever long after all other garden flowers have been killed. For cutting it is unsurpassed, and the beautiful long spikes keep several weeks in water. Strong plants that will bloom the first summer, 15 cents each; two for 25 cents.

Beautiful and Fragrant Violets

Of all the delightful perfumes that of the Sweet Violets is the most delicate and pleasing. If grown in the house for winter flowers, they should be kept at a low temperature, as they will not bloom freely where it is too warm. If left in the open ground during winter, protect with a covering of leaves.

Marie Louise—To contrast with the white we offer this double deep bluish-purple, sweet-scented variety. Desirable for pots and gardens. Plants hardy and bloom freely. This variety is planted by florists more largely than any other. 10c each.

Double White Perpetual-Flowering Violet Swanley White; or Queen of Fragrance—Of all the white Violets, this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. 10 cents each.

Lady Hume Campbell—A true ever bloomer. This is one of the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color it is a shade of the richest intense blue. It is a charming contrast with the white variety. 10 cents each.

Hardy Russian—This is the hardiest of all Violets; deep rich blue color; a strong grower. You will have no trouble to grow this variety, as it thrives everywhere. 10 cents each.

The above four Violets for 35 cents.

New Imperial or Parma Violet

This is, without question, the largest, richest colored and most highly perfumed of all the double Violets. It blooms very freely, literally bending the plant with its lovely blue flowers of the largest size. Its blooming season is longer than any other Violet. Size of a silver half-dollar. 20 cents each; three for 50 cents.

New Violet, Governor Herrick

This grand Violet is of the largest size, the color is a deep ultra-marine blue, while the fragrance is deep, penetrating, lasting and delicious. The best Violet we grow. 15 cents each; two for 25 cents.

The Hardy Double English Violet

Needs no words of praise to introduce it to our customers. It speaks for itself. Here we have a Violet entirely hardy, perfectly double, a deep violet color and most deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker, and far excels it in its delightful odor; this is one of its greatest merits. It is entirely free from disease of any kind, will grow and bloom in any garden and in any situation. It is entirely hardy and can be left out in the open ground all winter. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. Price, young plants for this season's blooming, 15 cents each, four for 50 cents.

Tender Vines and Climbers

The Wonderful Giant Moonflower (Ipomea Maxima.)

A Giant in Growth and Flower, and Wonderfully Fragrant

This grand new Moonflower is a decided improvement over the old well-known variety Ipomea Grandiflora. The flowers are more than twice the size of the old variety, oftentimes measuring from six to seven and one-half inches across, and are produced in such wonderful profusion that they completely cover the vine with a veil of glistening white. Its growth is very rapid when planted in a good rich light soil, nothing to equal it as a tender vine for porch and lattice shading. Fine plants, 15 cents each.

Ipomea Grandiflora, the True Ever-blooming Moonflower—It is called the Moonflower from its rare peculiarity of blooming best at night and on dull cloudy days, flowers pure white in great profusion. 10 cents each.

New Moonflower, Heavenly Blue—This makes a splendid companion plant to the White Moonflower. It is equally rapid in growth, and a much freer blooming variety than the white one. The blooms come in clusters of five to twelve, and at times almost hide the vines. The flowers are the most heavenly blue, with reddish-purple rays, and six inches across. Nothing is more beautiful. 10 cents.

THESE MAKE A RAPID GROWTH AND BLOOM THROUGHOUT THE SUMMER, AND ARE VERY SHOWY.

Asparagus Plumosus Nanus

For description and price see page 28.

Antigonon leptopus

Or the "Queen's Wreath"—Produces rose colored flowers in racemes two feet long, beautiful. 10 cents.

Bougainvillea Sanderiana

The Chinese paper plant. Lovely clear lavender flowers. 20 cents.

German, or Parlor Ivy

A rapid-growing plant, well adapted for training in the parlor. Leaves glossy green and flowers yellow, in clusters. 8 cents each.

Madeira Vine

White flowers; exquisitely fragrant. 5 cents, three for 10 cents.

Smilax

A lovely house vine. 6 cents.

Tradescantia, or Wandering Jew

Fine for baskets. Two distinct kinds. 10 cents each.

Vinca Major Variegata

Fine for baskets and vases; green and white foliage. 8 cents; large strong plants, 20 cents.

TENDER BULBS

TUBEROUS-ROOTED BEGONIAS

These are among the very handsomest of our summer blooming plants, flowering throughout the season, and as fine and varied in their colors as the Geranium family. They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. In the South, or where they cannot be planted in the shade of a house, a covering of burlap or canvas some six or eight feet above them, will allow them to come to absolute perfection, but they must have plenty of light and air. Do not allow them to become dry. When through flowering they can be dried off, shaken free of earth, wrapped in cotton until May, when they may be started again.

Single—White, yellow, crimson, rose, scarlet. 10 cents, three for 25 cents, seven for 50 cents.

Double—In the same colors. 15 cents, three for 40 cents, six for 75 cents.

DAHLIAS—See pages 20 and 21.

CALLA LILIES

The New Godfrey Calla Lily, "Devoniensis"—Undoubtedly the finest thing ever sent out in the Calla line, and quite indispensable. Blooms all winter. Compared with the ordinary Calla, it gives three blooms to one; is snow-white, and perfect in form. Blooms on very small plants, though it attains to a very large size with very large flowers. The New Godfrey Calla Devoniensis is a wonder. **Blooming bulbs, 30 cents each.**

Black Calla (Arum Sanctum)—This is the famous Black Calla; it grows so very easily and produces Calla Lily shaped flowers that in color are coal black. This Lily produces the blackest flower of any plant in existence. It is simply jet black; stock is scarce. **30 cents each, two for 50 cents.**

Golden Yellow Calla (Richardia Elliottiana)—Entirely distinct and unlike all other forms of yellow Callas; it has the same habit of growth as the ordinary white variety, with flowers of same size and shape, but of a rich, clear, lustrous golden-yellow color; the foliage is dark green, with a number of translucent creamy-white spots, which add much to its beauty. It is but a few years ago that this sold at a very high price. We are now able to offer strong, blooming bulbs at 35 cents.

New Dwarf Calla, Little Gem—This Calla only grows about eighteen inches high, and is the freest blooming of all the Callas. The bloom is pure white. The following facts will convince anyone of its great superiority over the old sort. Of dwarf habit. The same plant will grow and bloom for years, and the quantity of bloom which a good plant will produce is astonishing. A large plant is hardly ever without one or more flowers. All in all, it is one of the most desirable plants we ever offered. **15 cents, two for 25 cents.**

Calla Hastata (Lemon-yellow)—It is just like the others only the flower is a lemon-yellow. It is very distinct, and will enrich any one's collection. **25 cents.**

Tuberous Begonia.

Spotted Calla (Richardia Alba Maculata)—Plant with beautiful spotted leaves. It flowers abundantly during the summer months when planted out in the open border. It makes a fine plant for the center of vases. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in the winter, and start in the spring like a Dahlia. **Blooming bulbs, 10 cents, three for 25 cents; larger size, to produce a dozen blooms, 20 cents.**

Calla Ethiopica (Egyptian Lily)—This is the well known Egyptian Lily, or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas, send to us, as we are headquarters for them. We have three sizes. Small plants, to bloom next winter, 10 cents; strong blooming bulbs, 25 cents each.

SPECIAL OFFER—The Six Calla Lilies costing \$1.35 for \$1.00 net.

Gladioli to Color

Our mixed Gladioli are not the poor, dull colors, old, discarded red sorts and worthless seedlings usually sent out as mixtures. On the contrary, they are made up from splendid named sorts, brightest and most varied colors—white, yellow, pink, rose, blush, intense scarlet, carmine, violet, striped, blotched, variegated, etc. All old common and poor sorts have been discarded.

Mixed White and Light Varieties Only—First size, 4c each, three for 10c, 40c per dozen; \$3.00 per hundred, by express, you to pay expressage.

Mixed Scarlet Varieties Only—First size, the finest scarlet sorts, 4c each, three for 10c, 40c per doz; \$3.00 per 100 by express, you to pay expressage.

Mixed Pink Varieties Only—First size, finest pink colors, 4c each, three for 10c, 40c per dozen; \$3.00 per 100, by express, you to pay expressage.

PAN-AMERICAN GLADIOLI

Gladioli, The Pan-American—Our Pan-American mixture is the best in the world, and we want to say to you candidly that you have never seen Gladioli until you see these flowers. This mixture includes all the new strains, such as "Gray's Inglesides," "Burbank's California Selects," "Childsii," and "Groff's Hybrids." They are very tall and erect, often standing four or five feet high, with spikes of bloom over two feet in length. They branch freely, in most cases each stem producing three or four spikes of bloom, and bloom much earlier than ordinary varieties. The flowers are of great substance and gigantic size, frequently seven to nine inches across. The form of both flower and spike is perfection itself, and they last in bloom a long time before

fading, owing to their great substance and vigor. But the most remarkable feature is the coloring. Orchids cannot surpass them in varied and delicate shades, markings and blendings. Every color known among Gladioli is represented, and many never before seen, particularly blues, smoky grays and purple-blacks, all having beautifully mottled and spotted throats made up of white, crimson, pink, yellow, etc., and in this peculiar network of charming spots and colors lies one of its special points of unsurpassed beauty. They far outrank all other Gladioli in size of spike, size of bloom, vigor, varied and magnificent coloring and freedom of bloom. **5 cents each, 50 cents per dozen, \$3.00 per 100 by express, you to pay expressage. Cheaper mixture, 3 cents each, two for 5 cents, twelve for 25 cents.**

TENDER BULBS--Concluded

Excelsior Pearl Tuberoses

The Finest in Existence. All Blooming Bulbs.

Dwarf Excelsior Pearl Tuberoses—Year after year its popularity has increased until the demand for it has reached enormous proportions. It grows about eighteen inches high, blooms early and with the greatest freedom, matures perfectly. Flowers pure white, very double and of immense size, and intensely sweet. This is the sweetest of all Tuberoses. Fine, extra large, well-ripened bulbs, all sure to bloom, 5 cents, three for 10 cents, twelve for 35 cents.

Agapanthus Umbellatus, the Blue or African Lily—Bears clusters of bright blue flowers. Extra fine. 20 cents.

Amaryllis Formosissima—Flowers are rich, dark scarlet, 20 cents.

Amaryllis Equestre—(The Eagle Lily.) Color deep brick-red; extra fine. 20 cents.

Amaryllis Johnsonii—Dark red with a delicate white feather in each petal. 40 cents.

Cannas—See page 22.

Cyclamen Persicum or Persian Violet—Fine for house culture, blooming in the winter. 15 cents.

Caladium Esculentum or Elephant's Ear—Fine for yards. Mammoth leaves. Good bulbs, 10 cents, three for 25 cents; large bulbs, 25 cents, six for \$1.25; mammoth bulbs, 50 cents.

Eucharis Amazonica, the Eucharis Lily—Pure white fragrant flowers; very elegant. 35 cents.

Gloxinias—My strain is the best on the market. Start the bulbs at beginning of summer in a warm place. All colors. 10 cents each, three for 25 cents.

Lily, Milk and Wine—Flowers three to four inches in diameter. Striped white and carmine. 25 cents.

Fairy Lily—Bears a great profusion of delicate pink flowers, very free bloomer and easy to grow, it is a wonder, try a few bulbs in a pan and you will never be without them. 10 cents each, three for 25 cents.

The White Japanese Spider Lily—The florets are disposed in rays and resemble an immense spider. Of large size, pure white and deliciously fragrant. Blooming bulbs, 25 cents.

HARDY VINES AND CLIMBERS

Large Flowering Clematis

Banghlow Belle—This is the finest of all white Clematis. Flowers large, of a beautiful creamy-white. 50 cents.

Jackmanii—This is perhaps the best known of the fine perpetual Clematis, and should have credit for the great popularity now attending this family of beautiful climbers, free in growth, abundant bloomer, producing flowers until frozen up. The flowers are large, and of an intense violet-purple, remarkable for their velvety richness. 50 cents.

Duchess of Edinburgh—This is, without doubt, the best of the double whites. Very free flowering; fragrant. 50 cents.

Ville De Lyon—The color is bright rosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. 50 cents.

Gipsy Queen—A unique shade in Clematis, a pretty lavender-pink, a fine contrast to the strong-colored sorts. Rapid in growth and slender, graceful habit. 50 cents.

Sieboldi—A lovely shade of lavender; very beautiful and distinct. 50 cents.

SPECIAL OFFER—The set of six distinct large-flowering Clematis for \$2.25; any three for \$1.25. This is a bargain, as the roots are large and strong. The best you have ever seen.

Clematis Paniculata

Covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. An arbor or portico over which this Clematis is trained is a wall of white for the time being, and it blooms when nearly all other vines have ceased blooming. Perfectly hardy; grows rapidly. Fine vines, 15 cents, two for 25 cents. Strong two-year field plants to bloom this year, 25 cents each.

Ampelopsis Veitchii—(The Boston Ivy.)—Clings firmly to any wall, building or tree. Green leaves in summer, changing to red in the fall. 10 cents each; two-year-old plants, 25 cents; three-year-old plants, 40 cents.

Dutchman's Pipe—(Aristolochia Sipho.) A very rapid-growing hardy climber. The flowers are long and shaped like an old dutch pipe. 35 cents.

Cinnamon Vine—Bears white flowers with fine cinnamon fragrance. 5 cents each, six for 25 cents.

The Wonderful Japanese Kudzu Vine—Jack and Bean Stalk Vine—This is the most rapid growing vine that anyone knows of. By measurement it has been known to grow twenty feet in a week. The foliage is large and tropical. It is entirely hardy. Everyone has trouble in getting nursery grown plants of this to grow. We have prepared and offer pot grown plants, the kind that has the crown to the plant and the ball of earth to the roots, and you try to stop them growing and see if you don't run into a snag. This is proving a great forage plant in the South. All kinds of stock prefer it to hay or other coarse feed. Try it. 20 cents each, two for 35 cents.

Honeysuckle Aurea Reticulata—(Golden-Leaved.) A variety with beautiful variegated foliage of yellow, white and pink. 10 cents.

Honeysuckle Chinese Evergreen—Sweet-scented. Blooms nearly all the season; deliciously fragrant, flowers buff, yellow and white. 10 cents.

Honeysuckle Hall's Japan—(Sweet Scented.) This is the most consistent bloomer of the class, being literally covered all summer with beautiful yellow and white flowers; very fragrant. 10 cents.

Honeysuckle Scarlet Trumpet, or Red Coral—A rapid grower, bright red with trumpet-shaped flowers. This is the old, well-known variety. 10 cents.

Honeysuckle Yellow Trumpet—Golden, trumpet-shaped flowers; fragrant. 10 cents.

The set of five Honeysuckles for 40 cents.

English Ivy—This climber is in great demand for covering walls. Plant in the least exposed situation. 15 cents.

Chinese Matrimony Vine—Pale purple flowers followed by scarlet berries. A rapid and desirable climber. 10 cents.

Chinese Wistaria—Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early spring, in long, drooping racemes, resembling in size and shape a bunch of grapes. 10 cents; large plants, 25 cents.

Solanum "Pride of the Garden"—(Azereum)—This is, we think, one of the grandest of all hardy vines for the garden. It is a good vigorous grower, bearing its magnificent vermilion-scarlet berries in great profusion. It blooms and sets fruit all the summer long and is a gorgeous sight with its emerald-green foliage, delicate lavender flowers, and bright scarlet berries. It has this one peculiarity; bearing at the same time flowers, green berries and ripe berries; very few plants do this. Fine plants to bloom and fruit this year, 20c each.

HARDY BORDER PLANTS AND BULBS

New Hardy Ever-Blooming Carnation

Crimson King—For description and price see first page of book; for this Carnation in colors see third page of cover.

Burbank's Shasta Daisies

Shasta Daisies—(New)—The Shasta Daisy is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type which has been obtained by hybridization and rigid selection through a series of years. Its first qualification is extreme hardiness. Second, it is perennial, blooming better and more abundantly each season. Third, it is not particular as to soil. Fourth, it blooms for several months. Fifth, the flowers are extremely large and graceful, averaging about four inches in diameter, with petals of the purest glistening whiteness, which are borne on single, long, stiff, wiry stems. Sixth, the blooms when cut remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it in usefulness. 10 cents, three for 25 cents.

Hardy Lilies

Elegans—(Thunbergian Lily)—Truly magnificent, being Tulip-shaped, and blooms in June or early July. The blossoms are large and exceedingly showy, being of a brilliant red, flamed yellow. 25 cents.

Lilium Auratum—(Golden-Rayed Queen of Lilies)—This is the grandest Lily grown, and a never-failing delight. The perfume is exquisite—light, yet penetrating. Also known as "Gold banded Lily from Japan." 25c; three for 60 cents.

Candidum—(The Ascension Lily)—The well-known hardy garden Lily. Snow-white, fragrant blossoms. One of the best and an established favorite. 20 cents; three for 50 cents.

Harrisii—(The Bermuda or Easter Lily)—Pot and treat the same as for Hyacinths. Each bulb will give from six to twelve flowers, in many cases many more. The flowers are fully six inches in length, of the purest white and of the most delicious fragrance. Fine bulbs, 25 cents.

Speciosum Rubrum—A beautiful bright rose, spotted with a dark velvety crimson. 25 cents; three for 60 cents.

Speciosum Album—Very fragrant; large flowers; a pure white, with a green band running through the center of each petal; one of the best. 30 cents; two for 50 cents.

Tigrinum Flore Pleno—(The Double Tiger Lily)—Bright orange, spotted black and very double. 10c; three for 25 cents.

HARDY BORDER PLANTS AND BULBS—Concluded

Iris Germanica

(German Iris)—"The Fleur de Lis" of France.

There is nothing prettier than this German Iris blooming from May 10th to June 10th. The colors are gorgeous, and they completely hide the plant. Be sure and plant some German Iris. Perfectly hardy.

Pallida Dalmatica, or Heavenly Blue—Standards delicate lavender; falls clear deep lavender; flowers very large and extra fine. 25 cents each.

Honorabilis or Sans Souci—Standards golden-yellow, falls rich mahogany-brown; very effective. 10 cents each.

Purple Prince—Standards intense deep violet-blue; falls velvety dark purple; exceedingly rich and striking. 10 cents.

Florentina—Creamy-white, faintly flushed lavender; fragrant and early. This is the Orris root of commerce, being used for the manufacture of toilet powder. The roots are delicately perfumed. 15 cents each.

Madame Chereau—Standards and falls white, elegantly frilled with a wide border of clear blue; very beautiful. 15 cents.

SPECIAL OFFER—The five German Iris for 60 cents.

Imperial Japanese Iris

Little wonder that a plant so boldly decorative in outline and bearing a flower of exquisite coloring so marvelously formed should make its strongest appeal to the artistic Japanese. From these foremost gardeners of the world has come a strain of Irises that neither Orchids nor Lilies can rival in beauty of form, texture, coloring, markings, and general effectiveness.—The Garden Magazine.

Perfectly hardy. 20 cents; three distinct varieties for 50 cents; set of eight fine sorts for \$1.25.

Gekka-No-Nami—(Waves on Moonlight)—Large double white, center gold and yellow; extra.

Kumoma-No-Sora—(Sky Amidst the Clouds)—White, edged and flushed with blue, center banded yellow.

Geisha-Ui—(Gown of Fairy)—Deep mahogany-red, base of petals lighter.

Iso-No-Nami—(Shallow Waves)—Fine porcelain-blue, blotched deeper, center rosy-lilac, flushed with gold.

Purple and Gold—Rich purple, gold center, radiating out into fine pencilings; fine.

Pyramid—Light violet-blue, shading to delicate blue, suffused with royal purple.

Senjo-No-Hora—(Bottomless Cave)—Blotched and veined violet-red, center of purple and gold.

Shichiukwa—(Flower in Wine)—White, bordered reddish-amaranth, center flushed gold.

Imperial Japanese Iris.

Lily of the Valley

The Lily of the Valley is one of those delicate, sweet little flowers that not only easily win our love, but keep it forever. Put four or five or a half dozen pips or bulbs in a pot, and in about four or five weeks they will flower. In the spring transfer them to the garden. Fine pips, 5 cents; 35 cents per dozen.

Anemone Ardilan—(Wind Flower)—Pure white, waxy texture. 15 cents.

Astilbe Japonica—Feathery white blossoms. 15 cents each; clumps, 30 cents.

Coreopsis Lanceolata Grandiflora—Golden yellow, invaluable for cutting. 10 cents, three for 25 cents.

Digitalis—(Foxglove)—Gloxiana like flowers; fine assorted colors. 10 cents, three for 25 cents.

Daisy Snowcrest—A perfectly double white flower. 10 cents.

Delphinium Formosum—(Larkspur)—No flower has such a lovely celestial blue color as this exquisite Larkspur. 10 cents, three for 25 cents.

Dicentra Spectabilis, or Bleeding Heart—15 cents.

Eulalia Japonica Zebrina—(Hardy Grass)—Striped across the leaves; fine plume. 10 cents.

Eulalia Japonica Variegata—(Hardy Grass)—Striped white and green; bears elegant plumes. 10 cents.

Eulalia Gracilis Univitata—(Hardy Grass)—Makes immense clumps; very graceful. 10 cents, the three grasses for 25 cents.

Funkia Subcordata Grandiflora—(The White Plantain or Day Lily)—Pure white lily shaped, fragrant flowers. 15 cents.

Funkia Medio Variegata—Green and white foliage with lavender flowers. 10 cents.

Gaillardia Grandiflora—(Blanket Flower)—The center is dark red-brown, petals marked with rings of brilliant crimson-orange and vermillion. 10 cents, three for 25 cents.

Hemerocallis Flava—(The Lemon Lily)—This is entirely hardy, and bears flowers of a lemon-yellow color. Very desirable. 10 cents; three for 25 cents.

Helianthus Rigidus—A grand single yellow sunflower; extra fine. 8 cents.

Hyacinthus Candicans—Large spikes of pure white. The Hardy Hyacinth. 5 cents, six for 25 cents.

Hibiscus Crimson Eye—Belongs to the family of mallows, flowers six inches across; color pure white with pronounced eye of deep crimson. 10 cents.

Lobelia Cardinalis—(Cardinal Flower)—Rich fiery-cardinal flowers; strong plants, often producing ten to eighteen spikes twelve to twenty-four inches long. 10 cents.

Plumbago Larpenae, or Lady Larpent—Deep royal blue flowers. This is an elegant plant. 10 cents, three for 25 cents.

Peonies—For description and price see pages 15 and 16.

Hardy Scotch or Sweet May Pinks—These are the pinks of our mothers' gardens; all colors. 10 cents each, three distinct colors for 25 cents.

New Hardy Scotch Pink "Her Majesty"—Pure white flowers; fine for cemetery. 10 cents, three for 25 cents.

Hardy Phlox—For description and price see page 17.

Platycodon Grandiflorum—(Bush Clematis)—A free flowering plant covered with flowers that resemble somewhat the Clematis; two colors, deep blue and pure white. 10 cents each, the two for 15 cents.

Rosemary—A plant that is very scarce. Leaves are used for seasoning food. 15 cents.

Rudbeckia Laciniata—(Golden Glow)—Grows 6 to 8 feet high, bearing hundreds of double yellow blossoms; it is very desirable. 10 cents, three for 25 cents.

Sage Holt's Mammoth—A variety of unusual substance, strong flavor and superior quality. 10 cents, three for 25 cents.

Stokesia Cyanea or Cornflower Aster—Grows 18 to 24 inches high, flowers lavender-blue; 4 to 5 inches in diameter, borne from June to October. 10 cents, three for 25 cents.

Hardy Blue Salvia—(Caryopteris Mastacanthus)—A grand plant bearing rich lavender-blue flowers. Be sure and try this plant, it will please you. 10 cents.

Violet, "Hardy Russian"—For description and price see page 33.

Violet, "Princess of Wales"—This is a large flowered variety valuable for bouquets. 10 cents, three for 25 cents.

Yucca Filamentosa—(Spanish Dagger)—Blooms every year, bearing long stalks surmounted with large umbels or heads of white flowers. 10 cents each; larger, 25 cents.

Hardy Deciduous Shrubs and Trees

Almond—(*Amygdalus*)—A beautiful small shrub bearing in May their beautiful flowers before the leaves appear. The old time Shrub of our grandmothers' gardens. **Two-year plants, 50 cents each.**

Amygdalus Japonica Albo Pleno—Dwarf double white flowered almond.

Amygdalus Japonica Rubro Pleno—Dwarf double red flowered almond.

Azalea Mollis—The most brilliant and showy of all hardy Shrubs, exceeding even the *Rhododendron*, and entirely hardy without protection in all situations. The bloom, which varies in color from the intense rosy-crimson to lemon-yellow, literally covers the compact, spreading plant, forming a huge bouquet, and which remains in perfection for a long time in May and June. Massed they produce an effect that is actually brilliant and dazzling. Plants ready to bloom. **50 cents, three for \$1.25.**

Chionanthus Virginica—White fringe. A small native tree or shrub of roundish form with large glossy leaves and drooping racemes of pure white flowers, having narrow fringe like petals; blossoms in May or June. A superb lawn tree. **Two-year plants, 35 cents each.**

Calycanthus Floridus—(*Carolina Allspice* or *Sweet Scented Shrub*)—A most desirable Shrub. The wood is fragrant, flowers of a rare chocolate color, having a peculiar agreeable odor that is very penetrating. They blossom in June and at intervals afterwards. **Fine plants, 10 cents, strong two-year-old plants, 25 cents.**

Cercis Canadensis—(*Judas Tree* or *Red Bud*)—The tree derives the name *Red Bud* from the profusion of delicate peach-pink blossoms with which it is covered before the foliage appears. Flowers in May. **10 cents, three for 25 cents.**

Cornus Florida—(*White Flowering Dogwood*)—The flowers are produced in May before the leaves appear. 3 to 3½ inches in diameter, white and very showy; in autumn the foliage turns to a deep red. **Fine plants, 10 cents; two-year plants, 25 cents.**

Cornus Sibirica—(*Red Siberian Dogwood*)—A rare and beautiful variety with bright red bark in winter. **Two-year plants, 25 cents.**

Cydonia Japonica—(*Japan Quince*)—Has bright scarlet flowers in great profusion in the early spring; one of the best shrubs. **Fine plants, 25 cents each.**

Deutzias—Their fine habit, luxuriant foliage and profusion of bloom render them among the most beautiful of Shrubs. They flower the latter part of June.

Deutzia Gracilis—Dwarf habit. Covers itself with pure white bell-shaped flowers. **15 cents each; strong plants, 25 cents.**

Deutzia Gracilis Rosea—Same as above, but pink flowers. **15 cents each.**

Deutzia Grenata, Fl. Pl.—Flowers double white, tinged with rose. **15 cents; two-year plants, 25 cents.**

Deutzia Pride of Rochester—Large double white flowers. **15 cents; two-year plants, 25 cents.**

Deutzia Lemoinei—Habit dwarf and free flowering; double white flowers. **15 cents; two-year plants, 25 cents.**

SPECIAL OFFER—Five Deutzias for 60 cents.

Forsythia Viridissima—(*Golden Bell*)—The flowers are drooping, yellow and appear very early in the spring before the leaves. **10 cents; two-year plants, 25 cents.**

New Hydrangea "Hills of Snow"—This is the great new hardy shrub that has come to gladden our yards and gardens. We place it first and foremost of all shrubs. It makes a perfectly round symmetrical bush that is covered from June to August with handsome large pure white flowers; be sure and plant this new hardy shrub, it will please you greatly. **Price, young plants, 15 cents each; two for 25 cents. Strong two-year-old plants, 40 cents each; three for \$1.00. Large specimen plants to bloom at once 75 cents each.**

Hydrangea Paniculata Grandiflora—A great favorite, and there is nothing finer or more showy, whether for planting in large masses in parks or for single plants on the smallest lawns. Blooms profusely from July until frost, in immense white panicles, tinted with pink and then with brown in the fully matured flower. The plant should be cut back each spring fully one-half of the past season's growth, as the flowers are much finer if the plant is treated in this manner. The flowers are much finer and larger if grown in a good, rich soil, but the plant is so hardy and easily grown that success is almost certain in any kind of soil and in any situation. **Young plants, 15 cents, three for 40 cents. Strong flowering plants for immediate effect, two years old, 35 to 50 cents, according to size.**

Tree-Shaped Hydrangeas—These are fine specimen plants four and five years old, trained to tree shape, with about three feet of straight stem and nice shaped heads. Should bloom profusely the first year. Before shipping they are all trimmed the proper length for planting so that they will make a better growth and larger flowers. **By express only, 50 cents, three for \$1.25.**

Hibiscus Syriacus—(*Althea* or *Rose of Sharon*)—Also known as the *Hollyhock Shrub*, belongs to the mallow family. These are the most beautiful shrubs we have in our collection. The flowers are of large size, very double and full of various brilliant and striking colors. They bloom freely during August and September, when scarcely any other Shrub is in

bloom. Six varieties: **Jean d'Arc**, double white; **Boule de Feu**, double red; **Paeoniflorus**, double pink; **Violet Claire**, double violet; **Bicolor Hybrid**, double variegated; **Snow-drift** (*Totus Albus*), single, pure white—this is the best of all *Altheas*. **Twelve to eighteen inches high, 15 cents, two for 25 cents, the set of six for 60 cents; fine plants two feet high, well-branched, 20 cents, three for 50 cents, the set of six for 90 cents.**

Jasmine Primulium—(*New*)—This is a grand new hardy Jasmine of bushy growth; star-shaped yellow flowers. Try this plant. **20 cents.**

Beautiful Japanese Maples—(*Acer*)—Make nice, bushy little trees, and are highly valued for yard and lawn planting, on account of their brilliant colored foliage, which is a blood-red, scarlet, purple, golden-yellow and deep green. They are exceedingly beautiful, both in the spring and fall, and though they are among the rarest and most handsome ornamental trees to be found, they are only seen in the finest places. We have a fine stock this year, however, and offer five splendid varieties. **60 cents; the five Maples for \$2.50.**

Palmatum Dissectum Atropurpureum—Deeply fringed, blood red.

Japonicum Azereum—Beautiful golden-yellow.

Japonicum Felicifolium—Green, deeply fringed leaves.

Polymorphum Atrorpurpureum—Blood red, deeply cut.

Polymorphum Versicolor—Green with white variegations.

Philadelphica (*Syringa*, *Mock Orange*)—These are invaluable shrubs blooming in June. **Fine plants, 15 cents; two-year plants, 25 cents.**

Philadelphus Coronarius—(*Garland Syringa*)—Pure white flowers highly-scented.

Philadelphus Grandiflorus—(*Large Flowered Syringa*)—Has very showy large white flowers, delicate fragrance.

Rhododendron, Rose Bay

(*Parson's Hardy Varieties.*)

One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich glossy green are surmounted with scarlet, purple and white clusters, each cluster large enough for a bouquet, the display is worthy of admiration. The plants we offer are twenty-four inches high, well established, well set with buds. Don't confound these plants with the cheap kinds offered by some, as they are not the same. We offer white, lilac, purple, red, pink, etc. State color desired. **\$1.25.**

Rhus Cotinus (*Sumach*)—(*Purple Fringe* or *Smoke Tree*)—A much admired shrub for its curious fringe or hair like flowers that cover the whole surface of the plant in mid-summer. **Fine plants, 25 cents.**

Syringa—(*Lilac*)—Well known beautiful shrubs, indispensable in every collection. It is doubtful if anything in the whole range of flowering shrubs surpasses these in grace and elegance, or in hardiness and usefulness. As decorative plants on the lawn or in the border, they are without a peer. All of the *Lilacs* are deliciously fragrant. **One-year plants of Lilacs, 12 to 18 inches high, 25 cents each; two-year plants branched, 18 to 24 inches, 50 cents each; the set of nine Lilacs, in one-year-old plants for \$1.75, in two-year plants the nine for \$3.50.**

Alphonse Lavoie—Double dark blue shading to violet. Extra large panicles, beautiful.

Dr. Stockhart—Single wine-red. Extra fine trusses.

Josikae—(*Hungarian Lilac*)—A fine distinct species, with dark shining leaves and purple flowers in June after other *Lilacs* are done flowering. Extra fine.

Madame Lemoine—A superb double flowering white variety; can't be beat.

Marie Legrave—Large panicles of single white flowers. The finest white *Lilac*.

Persica Alba—(*White Persian Lilac*)—Delicate white, fragrant flowers shaded with purple, rare.

Villosa—Color light pink, almost white, one of the latest to bloom, very showy.

Vulgaris—(*Common Lilac*)—Bluish purple flowers. A standard variety. Always good.

Vulgaris Alba—Common white *Lilac*, very large trusses of cream colored flowers. Extra.

Spirea

(*Meadow Sweet*)—These are beautiful shrubs of the easiest culture, very desirable for planting on the lawn in groups or as single specimens. Their blooming extends over a period of three months. **One-year, 15 cents each; strong two-year-old plants, 25 cents each.**

Anthony Waterer—This beautiful gem makes a low, compact bush, and is covered nearly the whole growing season with large umbels of deep crimson flowers which measure nearly a foot across. When scarcely three inches high it begins to bloom, and therefore is seldom out of flower. As a pot plant or for growing in the open ground, nothing can equal it. Perfectly hardy, it is unquestionably one of the really meritorious plants that we cannot have too many of.

Hardy Deciduous Shrubs and Trees--Concluded

Prunifolia Fl. Pl.—(Bridal Wreath)—A beautiful shrub from Japan, with double pure white flowers like white daisies in May. Keeps in flower a long time and justly merits to be placed in the front rank among flowering shrubs.

Van Houttei—At the flowering season in May and Early June, the plant is covered with a mass of large white flowers, presenting a beautiful appearance. Very hardy; one of the finest shrubs in the Catalogue.

Snowball (Viburnum)

Viburnum Opulus Sterilis—(Guelder Rose)—A well known favorite shrub of large size, with globular clusters of pure white flowers. The Snowball of our mothers' gardens. Blooms in May. One-year plants, 15 cents; two-year plants 25 cents.

Viburnum Tomentosum Plicatum—(The Japanese Snow-ball)—This Japanese variety of the old-fashioned Snowball is one of the most valuable of our hardy shrubs. It forms an erect, compact shrub, six to eight feet high, blooms in June, and for a long time is a solid mass of white, the plants be-

ing completely covered from the ground to the top of the branches with large balls of flowers white as snow. The foliage in early summer is an olive-green, turning to a very dark green later in the season. One-year, 25 cents; two-year, 50 cents.

Weigela—(Diervilla)—They produce in June and July superb large trumpet shaped flowers that almost hide the plant, they are very desirable for the border or for grouping, and as specimens on the lawn. One-year plants, 15 cents; strong two-year plants, 30 cents each.

Candida—A vigorous, erect grower, flowers pure white and produced in great profusion in June, and the plants continue to bloom through the summer, even until autumn.

Eva Rathke—A charming Weigela flower, brilliant crimson. A beautiful distinct clear shade.

Rosea—An elegant shrub with fine rose colored flowers of erect compact growth. Blossoms in June.

Rosea Nana Variegata—Of dwarf habit and possessing clearly defined silvery variegated leaves. Flowers nearly white. It stands the sun well.

HEDGE PLANTS We Here Name the Most Suitable Plants for Hedges

Berberis (Barberry)

Thunbergii—From Japan. A pretty species of dwarf habit. Small foliage changing to a beautiful coppery red in autumn. A slower grower than the privets, but needs no trimming and is a feast for the eye when full grown. One-year plants, 15 cents each; \$1.25 dozen; \$10.00 hundred.

Ligustrum Privet

Amurense—(Amoor River Privet)—This is a very graceful plant, requires little trimming. The leaf is small and rounded, plant branching, has not the stiff or formal effect that the California Privet has. Two-year, 18 to 24 inches, branched, 10 cents each; 75 cents per dozen, postpaid; by express, purchaser to pay expressage, \$5.00 per hundred.

Ibota—(Chinese Privet)—A valuable shrub. One of the hardiest of the privets and distinct. Leaves long and shining. Flowers large. White, very fragrant and produced in great profusion. 50 cents per dozen, postpaid; by express, purchaser to pay expressage, \$3.00 per hundred.

Ovalifolium—(California Privet)—This makes when pruned a very formal hedge, will grow almost anywhere, thriving where other plants refuse to grow. Two-year, 18 to 24 inches, branched, 10 cents each; 75 cents per dozen postpaid; by express, purchaser to pay expressage, \$4.00 per hundred.

Regelianum—(Regel's Privet)—A valuable hardy shrub with handsome foliage and horizontally spreading branches. This makes a grand hedge. Two-year, 12 to 18 inches, strong, 10 cents each; 50 cents per dozen, postpaid; by express, purchaser to pay expressage, \$5.00 per hundred.

Buxus (Ornamental Box)

Sempervirens—Useful for edging and bordering, walks, etc. A handsome shrub with deep green foliage. This is not as dwarf as the Sempervirens Nana, but we find it so much more vigorous and hardy that we advise planting this and trimming to height required. 5 cents each, 50 cents per dozen, postpaid; by express, purchaser to pay expressage, \$3.00 per hundred.

SURPRISE COLLECTION ONLY ONE DOLLAR

We usually have at the end of the selling season a number of choice plants that we have grown a surplus of. To those who will send us a dollar, we will after June 1st, 1912, send a fine lot of plants that will be a surprise to you. If your order goes by express, we can send many more plants than if it goes by mail. So send us a dollar, and after June 1, we will send you the Surprise Collection of plants. The selection to be strictly our own. We sold over five hundred of the Surprise Collection last June, and everyone was pleased with them.

Velvet Sod Lawn Grass Seed

Composed of a variety of fine, dwarf, close-growing grasses, which on properly prepared, finely pulverized ground, will produce very quickly a neat velvety lawn and permanent sod. Has given universal satisfaction for the past 25 years. Price, per quart, 30c, postage paid.

Walker's Excelsior Plant Food

The essence of plant life. Fine for living plants. Odorless. One-half pound package, making 160 pints, only 50 cents postpaid.

Thompson's Rose Nicotine

1 Clematis Paniculata

(A FIELD-GROWN PLANT)

Nothing gives a more graceful finish to a porch or summer house than the vine you train up its post and along its eaves; it breaks up the stiffness of outline and softens the effect of broad surfaces of painted wood.

Try our Clematis Paniculata Vine. It is one of the most popular of all climbing plants today.

It grows with wonderful rapidity and blooms with the greatest profusion. During August and September it is covered with a sheet of clustered snow-white bloom of the most delicious fragrance. Plant it in a deep, heavy loam well enriched with manure.

Cover the roots in winter with a light covering of leaves or straw if you live in a locality where the winter is very severe.

3 Perennial Phlox

(OUR SELECTION)

Recently the taste for perennials has revived.

Try our Hardy Phlox.

These noble flowers are not only beautiful as individuals, but the cheerful appearance of our gardens during the summer and autumn months is much indebted to them.

They are exceedingly useful for those who wish to have flowers with but little trouble, as most of them can remain for eight or ten years without requiring any other care than to keep them clear of weeds.

It will renew their vigor, however, to lift, divide and reset them in fresh soil about every third year.

They require a rich, deep and moist soil and should have a yearly mulching with a fertilizer of stable manure. You should plant them about two feet apart, and if given the proper care they will bloom from July until frost.

A covering of evergreen boughs is fine for a winter protection if you live in a locality where the winter is very severe.

DEAR FRIEND:—We are mailing you this flower catalogue as per your request just received. We have several hundred thousand of pleased customers all over the world and we feel sure we can please you.
